STAND COLLAPSES AT NOTIFICATION

Five Persons Seriously Hurt and 40 Bruised at Marshall Ceremony

NOMINEE ATTACKS THE G. O. P

Governor Marshall, In His Speech of Acceptance, Declares the Republican Party Fosters Special Privilege

Indianapolis, Ind., August 20.—Five persons were seriously injured and forty were bruised and cut in the collapse of a grandstand seating 300 in University Place this afternoon during the formal notification of Governor Thomas R. Marshall, of his nomination as Democratic candidate for Vice President. The injured were quickly carried into the Indiana Democratic Club nearby or taken to hospitals and the notification ceremony proceeded.

The grandstand had been set up on the asphalt pavement directly back of the speaker's platform. Alton B. Parker, of New York, representing the notification committee, was in the midst of his address when the stand swayed and sank slowly to the street and men and women in the seats were piled together among the timbers of the structure. Several thousand people massed in front of the speaker's platform, crowded about the fallen stand and many men helped the unhurt to scramble to their feet and bore the injured to the club house where they were cared for by hurriedly summoned physicians.

Thomas Taggart, National committeeman for Indiana, quieted the crowd by shouting that no one had been seriously injured, and Mr. Parker went on with his speech. He was followed by Governor Marshall, accepting the nomination. At the close of the Governor's address the distinguished guests of the Indiana Democratic Club, who had come for the ceremony, were taken to the Governor's home in automobiles for a reception.

Seated in front of the grandstand when it fell was a row of men prominent in National politics, among them former Vice President Charles W. Fairbanks, Lewis Nixon, of New York; United States Senator Gore, of Oklahoma; Thomas Taggart, Samuel M. Ralston ,Democratic candidate for Governor of Indiana, and W. T. Durbin, Republican candidate for Governor. The crowd was listening intently to Mr. Parker when the grandstand, overburdened, collapsed and a great shriek went up from men and women tumbling together among the parted planks and scaffolding.

The most seriously injured are:

David Strouse, Rockville, Ind., leg broken; Mrs. H. E. Greene, Indianapolis, injured internally; Joseph M. Rice, Cincinnati, foot inured and face cut; Mrs. J. Hartsock, Indianapolis, leg broken, and John Flaskamp, Indianapolis, internally injured.

Those suffering from minor injuries were bruised or cut by broken boards and many limped away on sprained ankles.

Judge Parker, in his address notifying Governor Marshall of his nomination declared that the records and lives of Governors Wilson and Marshall gave ample surety that the pledges of their party and their promises to the people will be faithfully kept. He contended that relief could come only from the election of Wilson and Marshall and a Democratic Congress. He said there was no possibility of relief from either the Republican or the Progressive parties.

Governor Marshall was received with enthusiastic applause when he responded to Mr. Parker's address tendering him the Vice Presidential nomination.

Marshall Attacks Republican Party

Governor Thomas R. Marshall, of Indiana, in his formal speech of acceptance of the Democratic Vice Presidential nomination, delivered to the notification committee here today, attacked the Republican party on the grounds that it had fostered special privilege to the point of making men everywhere socialistic in theory, if not in conduct.

In this connection, he said:

"It is idle for a thoughful man in America, whether millionaire or pauper, to longer play the ostrich. Safety does not consist in hiding one's head in the sands of either sentiment or hope. It is foolish for the vastly rich to keep on insisting that more and more shall be added to their riches through a specious system of special legislation, ostensibly enacted to run the government, in reality enacted to loot the people.

"It is worse than ignorance for them to smile at the large body of intelligent Americans who regard themselves as fortunate if the debit and credit accounts of life balance at the end of the year, and to assume that the mighty many, who are becoming convinced that that social system that we call Democracy is but a glittering generality, will long endure the industrial slavery being produced.

"Whether voting the ticket or not, men everywhere looking upon the awful injustice of this economic system are becoming socialistic in theory, if not in conduct.

"And shall any fair-minded man say

INVESTIGATE OUTLAW'S DEATH

The House is Asked to Look into Killing of Rogers, an American, by Soldiers in Africa—Complications Likely.

Washington, Aug. 20.—Representative Norris, of Nebraska, introduced a resolution today requesting the President to send to the House all information he has or is in the possession of the department in regard to the alleged killing of James W. Rogers, a American citizen by British soldiers in Africa, and to inform the House or Representatives what action, if any, has been taken or is contemplated to investigate the killing of the said James W. Rogers. The resolution was referred to the Foreign Affairs Committee.

Rogers is a Californian.

Representative Sulzer, of New York chairman of the Foreign Affairs Committee, comunicated with the State Department and was advised that the department was investigating the matter, and that all the facts that could be obtained would be furnished to the committee.

Mr. Norris said he regarded the shooting as an outrage on an American citizen, so far as the available information shows. He declared it seemed that Rogers, as an American, charged with offenses that did not warrant killing him, was fatally shot under iron clad orders of the British government carried out on Belgian soil.

At the State Department, which has no direct information on the tragedy, it was stated that the House resolution would have to be made the basis of an inquiry directed to the American embassy in London. The embassy, it was stated, would have no difficlty in securing access to the reports of the British sergeant on the tragedy

Regarding the rights of British soldiers to kill a poacher without trial, officials of the State Department would express no opinion today. The question reported to have been raised by Rogers as he was dying, on the right of the British troops to attack him on Belgian soil, complicates the case, though the issue involved would appear to concern Great Britain and Belgium, according to unofficial opinions of department heads.

If it should appear, they pointed out, that Rogers was killed in Belgian territory and there was any ground for demanding redress the United States might look to Belgium instead of Great Britain for justice, leaving Belgium to seek reparation in turn from Great Britain.

ADJUTANT GENERALSHIP

Governor Will Make an Out and Out Appointment

(Special Star Telegram.)

Raleigh, N. C., August 20.—Governor Kitchin has made it plain to officers of the North Carolina National Guard, who have interviewed him on the subject, that he will appoint a new adjutant general to succeed the late General Leinster and not simply assign some officer to the duties of adjutant general for the remainder of his term as Governor.

In view of this purpose on the part of the Governor, well informed officers of the Guard are predicting that the commission will go either to Major J. J. Bernard, of this city, or Col. J. T. Gardner, of Shelby, colonel of the First Regiment. It is understood that the appointment will have to be made without any understanding with Governor-elect Craig as to the retention of the Kitchin appointee in office during the Craig administration.

VOTE-SELLERS CONFESS

Fifty Enter Pleas of Guilty—45 Cases Nol Prossed

Bristol, Va., August 20.—Fifty vote-sellers have entered pleas of guilty at Jonesville, Va., this week ,in connection with the trial of those indicted for selling their votes. The most of them made their confessions today. They were given their choice of $100 fine and costs or 30 days in jail. Over half of them took the jail sentences. Forty-five cases were today nol prossed by Commonwealth's Attorney Skeen and 56 set for trial at the next term of court. There were only three acquittals at the trials today. Those convicted were given four months each in jail. The trials will proceed.

REBELS MASSACRE GARRISON OF 500

Nicaraguan Insurgents Kill Defenders of the City of Leon

ALL PRISONERS BUTCHERED

Government Forces Were Greatly Outnumbered and After a Fierce Engagement the Garrison Surrendered.

Managua, Nicaragua, Aug. 18.—(Delayed in transmission).—Near the entire detachment of 500 Nicaraguan troops, comprising the garrison of the city of Leon, to the north of Managua, was massacred by a force of insurgents last night, according to reports which reached the capital today.

On Friday news was reached by the government that the Liberals at Leon had risen to revolt and General Chamorro dispatched troops to suppress the movement and reinforce the garrison of the city.

The government troops upon reaching Leon occupied the plaza in the center of the town.

The insurgents, who greatly outnumbered the government force, attacked the city Saturday and after a fierce engagement the garrison surrendered. Instead of holding their captives prisoners of war, after their submission, it is reported that the troops were slaughtered by the rebels. Out of a force of 500 men all were killed except 70.

Following the repulse of the insurgents last Wednesday night after a four days battle at Managua in which the American marines and blue jackets from the gunboat Annapolis and from Panama played a prominent part as defenders of the capital, the insurgents retired ostensibly to their headquarters at Masava, the capital of the department of the same name lyng to the South of Managua.

It was learned by the government on Thursday, however, that the insurgents had sent large quantities of arms and ammunition from Massaya to Leon through the mountain passes, and that the rebels were hurriedly concentrating their forces at the northern town.

It also became known that General Mena, the deposed secretary of war and leader of the insurrection, whose health has become greatly impaired, and Lieutenant Edward H. Conger, of the American marine battalion now stationed in Managua, returned to the capital this afternoon from Masaya, where he went to confer with General Mena.

The lieutenant, after a consultation with the Nicaraguan officials again returned to the Southern city. Lieutenane Conger reports that General Mena is a very sick man and that the Liberal generals, Rebt and Amend, are in command of the insurgents in the South.

Communication between Managua and the outside world by way of Corinto on the Pacific side of Nicaragua, either by wire or by railroad, has been cut off since Friday. The severance of communication was caused by the uprising on that day at Leon.

More American Marines Needed.

Washington, August 20.—More American blue jackets and marines it was made apparent to government officials today, probably will be required to be landed on Nicaraguan soil, if the safety of American life and property there is to be assured. For the present, Managua, the capital, with the American railroad station, steamboat wharves, legation and the residence of the American customs officials and many others, is considered safe, but American Minister Weitzel, after consultation with Colonel Smedley D. Butler, who is in command of the American marine forces in Managua, informed this government that he has taken notice of the report that General Zeledon, one of the rebel leaders, has promised his men that they may sack and pillage the capital, and he has determined that they shall not be allowed to do so.

There is grave apprehension of a clash between the American forces and the rebels, who appear to have assumed an overbearing attitude.

The navy is without a large force of available men in Central American waters at present and even the usually large force of marines encamped in the canal zone at present is missing. First hope of re-enforcements for the bluejackets and marines now in Managua is in the early arrival of the gunboat Denver at Corinto from San Diego, Cal.

Washington, Aug. 20.—Representative John W. Dwight, of New York, announces that he will not again be a candidate for Congress and that if nominated he would not accept the nomination. He said his reason for retirement from Congress was personal. Mr. Dwight has been Republican whip of the House for several years.

Salt Lake City, Utah, Aug. 20.—Hookworm, acquired while laboring as a clergyman in the South, is held responsible for the death here of Rev. J. L. Fant, a native of Abbeville, S. C., and a graduate of the Baptist Theological Seminary, at Louisville, Ky.

SALVATION ARMY'S GENERAL IS DEAD

Rev. William Booth, Commander-In-Chief, Passed Away Last Night

HIS SON WILL SUCCEED HIM

Gen. Booth Probably Nominated Bramwell Booth to Take His Place as Commander—Burial Place Not Decided Upon.

London, Aug. 20.—The Rev. William Booth,, general and commander-in-chief of the Salvation Army, passed away at 10:14 o'clock tonight. He was born in Nottingham in 1829.

The veteran Salvation Army leader was unconscious for 48 hours previous to his death. The medical bulletins had not revealed the seriousness of the General's condition, which for a week past, it is now admited, was hopeless.

Twelve weeks ago General Booth underwent an operation for the removal of a cataract in his left eye. For two days after the operation indications justified the hope of the General's recovery. Then, however, septic poisoning set in and from that time, with the exception of occasional rallies, the patient's health steadily declined. The General recognized that the end was near and often spoke of his work as being finished.

Throughout the Commander-in-chief's illness, his son Bramwell Booth, chief of the staff of the army, and Mrs. Bramwell Booth, gave their unremitting attentions to him both night and day.

The aged evangelist died at his residence, the Rookstone, Hadleywood, some eight miles from London, where he had been confined to his bed ever since the operation.

Public interest now centers in the successor to the late comander. Under the constitution of the Salvation Army the general nominates his successor.

That General Booth did several years ago, placing the name in a sealed envelope which was deposited with the Salvation Army's lawyers, with instruction that it should not be opened until after his death.

While nobody knows what name the envelope encloses, the general belief among the Salvation Army is that it will prove to be that of Bramwell Booth, who for 30 years has been its chief of staff.

Where General Booth will be buried has not yet been decided. While every English member of the Salvation Army is convinced that no man was more worthy of interment in Westminster Abbey, it is not expected this honor will be awarded to General Booth by the Abbey authorities. It is the general belief that the commander-in-chief's last resting place will be alongside that of his wife, who 21 years ago, was buried in Abner Park, Stoke, Newington.

These last words of General Booth were uttered just before he lost consciousness. He was feferring to God's promises, and with great difficulty said: "They are sure, they are sure —if you will only believe." It is probable the obsequies will include

RESOLUTION IS TURNED DOWN

Senate Committee Refuses to Report Panama Resolution to Allow Foreign Nations to Appeal to U. S. Courts

Washington, August 20.—The Panama joint resolution asked for by President Taft yesterday in a special message to Congress, to make clear the rights of foreign shipsowners to carry into American courts the question of free tolls in the Panama canal, was turned down late today by the Senate Committee on Interoceanic Canals.

By a vote of 8 to 6, the committee determined not to report the resolution asked for by President Taft. This is taken by leaders to mean that there will be no resolution passed, supplementary to the Panama Canal bill, which now lies on the President's table awaiting his signature. The resolution has not as yet been formally introduced in either House, but the Senate Committee took a direct voto on the proposal as embodied in the President's message.

The request of the President was for a special law that would permit the United States courts to determine whether the Panama Canal bill in giving free tolls to all coastwise vessels, violated those sections of the Hay-Pancefote treaty with Great Britain which guarantees equal treatment to the ships of all nations.

All of the Democrats of the Senate committee voted against the proposed resolution, with the exception of Senator Thornton, of Louisiana.

Those who voted against the resolution expressed the belief that President Taft would not veto the bill now before him, even if the supplementary resolution is not acted on by Congress. This argument was based on the statement in his message that he did not consider the bill a violation of treaty rights with other nations.

"A DEMOCRATIC YEAR."

Gov. Wilson Addresses Democratic League at Trenton, N. J.

Trenton, N. J., Aug. 20.—"This is a Democratic year," said Governor Woodrow Wilson in addressing the Democratic League of Trenton, at the Fair Grounds today. "It is not a Democratic year because we wish it to be, but because America is responsive to to the impulses of the world. Privilege is giving way in all countries, to the pressure of public opinion."

The Governor reiterated that he was under no obligation for his nomination to the Presidency. "I need not tell you," he said, "that the nomination was received without promises to anybody.

"Not even to Jim Smith," interrupted a voice, and there was a laugh.

"I never made any promises to him or any one else," continued the Governor. "I have made no promises except to the people of the United States. Every man is under bond to the people of the United States. You can't serve one class at a time and you can pick no favorites.

"The Democratic party as now controlled is in a position to put itself at the disposal of the rank and file of the American people."

The Governor was given an enthusastic reception.

WILL OVERRIDE TAFT AGAIN

President Will Veto Legislative Bill A Second Time Today and House Will Promptly Repass the Measure

Washington, August 20.—President Taft's second veto of the Legislative, Executive and Judicial appropriation bill, which will be sent in a message to Congress tomorrow will find the House prepared to pass the bill again over his veto, according to House leaders. Chairman Fitzgerald, of the Appropriations Committee, stated today that the House would undoubtedly re-pass the measure.

As the bill went to the President it provided for the abolishment of the Commerce Court ,a procedure to which the President again refuses to agree. The other provisions inserted by the House, cutting off appropriations for the Bureau of Manufacturers and Commercial Agents, were obected to by the Senate, and finally taken out of the bill before it went to the White House.

The Senate's prospective action on the second veto of the bill was a matter of doubt tonight. It is believed, however, the measure cannot be repassed over the veto in the Senate.

The two Houses will confront the necessity, in that case, of adusting between themselves the form of the bill as it will be sent to the White House for the third time.

The delay over this bill makes the adournment situation tense in both Houses as leaders on each side are eager to get away by Saturday night. In the House as a climax to a day of exhibitions of temper, a fight developed over the question of adjournment of the session, the result that a tedious roll call was forced in order to bring truant members into the chamber.

NAVAL BILL TO TAFT.

House Adopts Conference Report on Appropriation Measure.

Washington, Aug. 20.—By a vote of 151 to 50, the House today adopted the conference report on the Naval appropriation bill. The measure, which will now go to the President, provides for one batleship and a number of submarines, colliers and auxiliary vessels. Thirteen members opposed to the battleship programme voted "present."

The bill as it goes to the President carries $123,220,707, an increase of approximately $4,600,000 over the measure as it passed the House.

Secretary Meyer today philosophically accepted the one battleship programme of Congress and has already named the projected new marine monster the "Pennsylvania."

The new ship will be 630 feet long, of about 31,000 tons with 12 fourteen inch guns and exceptionally heavy armor.

Secretary Meyer tonight commenting on the action of Congress upon the batleship programme said:

"The action taken this year will call for an appropriation for three battleships at the next session of Congress if the efficiency of the fleet and the present policy of two batleships a year, accepted throughout the country, is to be maintained."

BECKER INDICTED A SECOND TIME

Schepps' Testimony Before Grand Jury Greatly Strengthens Case

SIX OF HIS TOOLS INDICTED

Latest Witness Helps Tighten Net Around Police Lieutenant—Jack Zelig Also Corroborates Rose's Story.

New York, Aug. 20.—On evidence unexpectedly strengthened by the testimony of Sam Schepps and "Jack Zelig, the Eastside gang leader, the grand jury today re-indicted Police Lieutenant Charles Becker for the murder of Herman Rosenthal and handed down also the expected indictments against six of his alleged tools, the four gunmen accused of actually doing the shooting. They are "Gyp The Blood," and "Lefty Louie", who are stil at large; "Dago Frank" Cirofici and "Whitey" Lewis, now in the Tombs; Jack Sullivan, who is alleged to have given the "murder signal' and William Shapiro, driver of the "murder car." Sam Schepps, who was before the jury did more toward implicating Becker in the murder plot than had been anticipated by District Attorney Whitman, who expected no more than a corroboration of the story told by Jack Rose.

Jack Zelig also supported Rose's story, it was learned. Zelig told of happenings before the murder tending to show the alleged determination of Becker to get rid of Rosenthal and Schepps related events after the murder which pointed back to the police officer's alleged preparations to carry out his determination. Schepps told the jury, it was learned, that he acted as a go-between for Rose and Becker, while Rose was in hiding at the home of Harry Pollok. He also repeated his dealings with Becker and Rose about the murder and it was this testimony which came as unexpected news to the grand jury and the District Attorney. The prosecutor believes this evidence materially strengthened Rose's story that Becker was the instigator of the murder.

Zelig's testimony was a story of how Becker attempted to get him into his power and to take part in the murder plot. All Zelig had to do with it, he said, was to recommend to Jack Rose gunmen who would do the "job."

How Becker "framed" on him the charge of carrying concealed weapons was the gang leader's first chapter, and in support of his charge that Becker's men "planted" a gun on him, five witnesses testified that Zelig, arrested in an Eastside restaurant, demanded that he be publicly searched.

The demand was refused. Later Rose had come to him, Zelig said, and told him Becker wanted Rosenthal put out of the way and would Zelig kindly furnish the men to kill him. In return Becker would have the charges against him quashed. Zelig's reply, he said, was that he would have nothing to do with the murder himself, but he did suggest the names of men who would do the "job."

"The sum of $10,000 was then put up with a surety company, by Rose Vallon and Webber for a bail bond releasing Zelig, which, according to the witness, he understood was by orders from the police lieutenant.

More of Becker's bank deposits came to light today. On April 24th Becker deposited $2,000 in the Bank for Savings and on April 25th his wife deposited $2,000 in the Franklin Savings Bank, bringing to total of the police officer's deposits to the neighborhood of $90,000.

Revived rumors that Becker was ready to make a confession were denied tonight by John F. McIntyre, of his counsel. "Becker will not say a word of any kind to anybody in connection with his case until he takes the witness stand in his own defense, said the lawyer.

Becker and his six co-defendants will be arrainged for pleading to the murder charge tomorrow and on Thursday the grand jury will take up the graft feature of the Rosenthal case.

COLUMBUS PRIMARIES

Race for Legislature Very Close—Second Primary for Sheriff

(Special Star Telegram.)

Whiteville, N. C., August 20.—Only part of the returns are received from the county primary. Donald McRackan is slightly in the lead over J. R. Williamson for the Legislature. Richardson leads for sheriff and there will probably be a second primary between Richardson and Best. A. W. Baldwin is elected for register of deeds. D. R. Gore is largely in the lead for treasurer. Only one-third of the precincts are heard from. The race for the Legislature is close.

Whiteville, N. C., August 20.—In the primary held in Columbus county today for the nomination of county officials, Williamson, for Representative, is leading all opponents, while Best, for sheriff, is leading. Baldwin is safe by 700 majority for register of deeds. Four precincts are to be heard from.

Pitsburg, Aug. 20.—In the double-header here today between Pitsburg and Brooklyn Umpires Brennan and Owens were both injured in the first part of the first game and two players were called upon to act the rest of the first game and all of the second. As far as is known this is the first time both umpires have been hurt in a major league game. The teams split the double-header. Umpire Brennan during the first inning of the first game slipped near second base injuring his knee cap. Umpire Owens, who was behind the bat, was hit by a foul tip off Jack Miller's bat in the second inning of the game, his breast bone being broken. It was then decided by the managers of both teams to use players as umpires.

Catcher Phelps, of Brooklyn, and Hyat, utility man of the Pittsburgs, were called upon to act and umpired the rest of the afternoon. Umpire Owens was unconscious when taken to the hospital. Physicians, it is said, will have to use an X-ray to ascertain the extent of his injuries. Umpire Brennan is not so seriously hurt.

Boston, August 20.—Wood won his 26th game of the season and Boston made it three straight from Detroit by a score of 6 to 2 today. Stanage was forced to retire in the third when he was spiked by Ball on a double steal in which the latter scored. An error and a passed ball assisted Detroit to its two runs.

STORM AT ROCKY MOUNT.

Wind and Lightning Does Some Damage—Much Wire Trouble.

(Special Star Correspondence.)

Rocky Mount, N. C., Aug. 20.—Following the severe electrical, wind and hail storm last night about 10:30 o'clock, the wire companies hereabouts are more greatly embarassed than in many months. The lightning not only worked considerable havoc with telephone, telegraph, electric light and fire alarm wires, but in several places over the city the shocks were felt. At the home of Mr. W. P. Marshall, on Hammond street, a large hole in the roof, some six feet or more in size did several hundred dollars in damage. The wind storm did some little damage to crops in Nash county, especially with the corn crop, and large corn was blown down in some places. In the city trees were uprooted in several places, and at the home of Mr. J. C. Braswell on Church street, a mammoth elm was blown down, missing by a few moments an automobile party from the home that was driving fast to reach shelter before the heavy downpour of rain.

GEORGIA PRIMARIES TODAY.

Democrats Will Select Candidate From Governor to Representatives.

Atlanta, Ga., August 20.—Georgia Democrats tomorrow wil select candidates on a State ticket from Governor down to members of the General Assembly. Friends of John M. Slaton, Joe Hill Hall, and Hooped Alexander claim success for their candidates in the race for Governorship. Alexander, upon his entrance into the race a few weeks ago, injected the liquor question into the campaign.

Many counties throughout the State will vote upon complete county tickets others confining their attention to local differences. Candidates selected tomorrow will enter the November elections on the Democratic ticket.

CHILLED MEAT FOR AN ARMY

France Tries It With Success for Short Periods and Will Make Further Tests.

The use of chilled meat for the French army is being started, according to the Revue Generale du Froid. France has used frozen beef to a considerable extent, just as do the British and German armies, but the difficulty that is presented with chilled beef is that it is not known how long or how well it will stand the frequent handling necessary to army transportation.

To further this trial cold storage depots were established in the last year at Paris, Epinal, Toul, Verdun and Belfort. When the hot weather of the summer arrived the chilled meats from these depots were carried to the camps in motor trucks and distributed thence to the various regiments by horse drawn vehicles. Very satisfactory results are said to have been obtained.

The temperature in the cold storage was from 32 to 34 degrees Fahrenheit. The meat was encased in antiseptic muslin bags when taken out for delivery to the army.

The limit within which chilled meat could be handled satisfactorily seemed to be about two days.

THREAT HELD NO TERRORS

Young Minister Decidedly Would Not Object to the Letters D. D. Following His Name.

A young minister settled over a small country parish was instructed by his parishoners to secure a piano for their use, according to the Cincinnati Commercial-Tribune. He did so, telling the dealer to charge the bill for rental to the secretary of the parish. When the bill amounted to $25, the society being unable to pay it, as well as the salary of the pastor, the music dealer dunned the minister for the money, telling him that he assumed the responsibility. The latter replied that he never assumed the responsibility of another, having all he could do to pay his own bills, whereupon the dealer threatened to sue him.

A short time after our friend received a letter from a New York collection agency, to which, as well as several following, he paid no attention until the following short but definite letter came:

"Dear Sir: Unless you remit at once we shall publish you all over the country as a delinquent debtor."

To which he replied:

"Gentlemen: Ever since I entered the ministry I have been struggling for the title of D. D. Go ahead."

When Space Is Very Scarce.

"But, of course, you have no closet room," remarked the visitor who had been enthusiastically introduced to all the advantages of a studio bedroom, once the drawing-room of a large city house. "Haven't I?" exclaimed the occupant of the room gleefully. "Just wait until I show you my closet room!" And she whisked open the door of one of the handsome mission bookcases that lined the walls. All of the bookcases had green silk curtains on brass rods within the glass doors, some of the curtains being drawn and others pushed back to show the books. She showed her guest how the shelves in some of the cases had been removed and hooks provided from which frocks and skirts hung comfortably and entirely out of sight behind the curtains. "In these drawers at the bottom of the bookcases," she added, "I keep blouses and lingerie, and everything is out of sight and entirely protected from dust."

Effect of Artificial Lights on Air.

Tests on the influence of light sources on the air of a dwelling room have just been made in a room 14 feet long, 12 feet wide, and 12 feet high, provided with one door and two windows, also a latticed ventilator 8 inches from the floor and one on the opposite side 8 inches from the ceiling. For the first experiment a tantalum electric lamp was burned; for the second experiment a Welsbach gas light of like candle power was used. Tests made after a three hours' burning showed that the electric light increased the amount of carbon dioxide by 1.054 per cent. the gas light by only 0.131 per cent. The fact that a larger amount of carbon dioxide may be found when electric lights are used has been attributed to the hotter gas flame, which causes a more effective circulation of the air and therefore removes the carbonic acid gas more speedily.

Record Price for Quail.

Brig. Gen. Clarence H. Edwards, chief of the insular bureau of the war department, has returned from a quail hunt in North Carolina, and the friends to whom he sent birds are elated over having eaten the highest-priced game on record.

"They cost me $21.80 each," said General Edwards, when he came back, "and I hope my friends enjoyed them. As a result of my hunting trip I am guessing at the time, for while climbing over rail fences in North Carolina I lost my watch, which was worth more than all the quail in that state. I didn't figure in the value of the watch as an expense of the hunting trip, but just added up the regular expenses and divided them by the number of birds.

"I love to hunt, but I believe in future I will get a furlough for some good shot in the army and send him out to do my hunting for me."—St. Louis Post-Dispatch.

CALL OF THE PROGRESSIVE PARTY.

Burlington, N. C., Aug. 20.—Mr. Jas. N. Williamson, Jr., of this city, National Committeeman and chairman of the Progressive State Executive Committee of the Progressive Party, being interviewed today said:

The State newspapers' reports of the meeting of the Executive Committee of the Progressive Party were so incorrect (probably inadvertently,) as to the divisons in the committee that I wish to issue a statement concerning the same.

The meeting of the Progressive State Committee in Greensboro on Saturday last was for the purpose of calling the State Convention. The policy of taking absolute independent action had previously been decided upon. Our meeting was held in the open and we granted the privilege of discussion not only to the members of the committee but also to 50 or 60 other gentlemen who were present and friendly to the Progressive movement. I asked for a free discussion of the matter and in asking for this discussion I did not for a moment think that the 70 to 80 men present would be of one and the same opinion, had they been there would not have been any necessity of any discussion whatever. Our action was limited to calling the convention and leaving that body to decide upon its detailed courses. In executive session there was a motion put to the committee and duly seconded that the Progressive Convention be held on Tuesday, September 3rd, one day prior to the Republican Convention and to this motion there was not a dissenting voice. There was then put a motion as to where the convention should be held and there was difference as to whether it should be held in Charlotte or Greensboro, however, Greensboro won out as being the place by a large majority in the committee.

We Progressives did not undertake to foretell the action of the Progressive Convention—one thing we know is that the Progressive Party has been launched with enough enthusiastic supporters to make its life long and lasting. We shall certainly have an electoral ticket in the field and probably a full state ticket. We advised all counties to cut entirely loose from the old Republican party, however we do not propose to take any active part in local county tickets and each county will be allowed to govern itself as to all local matters and Progressives in each of the several counties on local issues can do as they prefer. The Progressive Party has not been organized to promote Col. Roosevelt or any other man's ambitions—Col. Roosevelt, however, being one of the greatest living American citizens has been chosen as the standard bearer of the Progressive Party. It is admitted that there are many Progressives in each of the old line parties but their hands are shaken by the reactionary bosses who are agreed in an effort to defeat all Progressive legislation. The Progressive Party was born out of the conscientious convictions of thousands of American citizens—Republicans and Democrats alike, so the necessity of a new party for the purpose of uniting all patriotic citizens whether in the Democratic or in the Republican Party. We want all whose hearts and minds are in sympathy with the Progressive movement now sweeping this great country of ours to join in this cause. Do not overlook the fact that this Progressive movement is a permanent organization to secure the needed legislation in state and nation. We will appeal to the people of this state with clean hands and earnest leaders and upon a state and national platform looking forward and not backward and strive for social and industrial justice achieved through the general rule of the people. It is our purpose as our great leader further declares: "In order to succeed we need leaders of inspired idealism, leaders to whom are granted great vision who dream greatly and strive to make their dreams come true! who can kindle the people with the fire from their own burning souls."

"The leader for the time being whoever he may be, is but an instrument to be used until broken and then to be cast aside; and if he is worth his salt he will care no more when he is broken than a soldier cares when he is sent where his life is forfeited in order that the victory may be won.

"In the long fight for righteousness the watchword for all of us is spend and be spent. It is of litle matter whether any one man fails or succeeds but the cause shall not fail, for it is the cause of mankind."

Now we appeal to all patriotic people of the State of North Carolina to assemble at Greensboro on September 3rd whether they have been formerly Democrats or Republicans to unite with us in the high purpose to attempt and do great things for our state and nation. "We stand against all tyranny, by the few or by the many. We stand for the rule of the many in the interest of all of us for the rule of the many in a spirit of courage, of common sense, of high purpose, above all in a spirit of kindly justice towards every man and every woman."

I attended the National Convention at Chicago and participated in this convention when it nominated Roosevelt and Johnson and I am advised constantly of the movement, and the cool headed determined and earnest men who are fully advised of the nation wide situation and who are conducting the National campaign are satisfied that there will be a landslide for Roosevelt and Johnson in November, not so much for these two gentlemen as men but for the great cause of the people which they represent.

Let the people of the Old North State instead of hampering themselves with past party affiliations, stand forth in this great movement and North Carolina is sure to give her electoral vote to Roosevelt and Johnson, for the people of this state will show by their ballots that they are interested in the Progressive movement Certainly we can not serve two masters—that is the law of the Holy Writ. Our leaders are making a straight fight for eternal principles. Let all patriotic North Carolinans join us in this magnificent fight whether they have been in the past a Democrat or a Republican and if we stand firm we will not be whipped when the battle is over and you will find that we will win in state as well as nation. Do not forget the fact that the aroused conscience and the determined purpose of the plain people and the laboring man is with us.

INVESTIGATE COAL STRIKE

Resolution Introduced to Look Into Paint Creek, W. Va., Conditions

Washington, August 19.—Representative Wilson, of Pennsylvania, chairman of the House Labor Committee, today introduced a resolution for a committee of five Representatives to investigate the Paint Creek coal fields strike in Wist Virginia. The resolution would direct the committee to ascertain whether peonage is maintained there and whether treaty obligation with foreign countries are being violated by the treatment of foreign workmen.

Americans and foreigners have been barred access to the Mucklow, W. Va., postoffice, according to allegations quoted in the resolution, "by the use of gatling guns, clubs and strong-arm men known as Baldwin guards."

The resolution, which was not acted on today, carries provision for $10,000 for expense of the inquiry. It calls for recommendations as to whether any Federal official can be of service in adjusting the strike, in which, it has been alleged, the mine operators have held American and foreign workmen in peonage.

VISITS HEADQUARTERS.

Wilson Sees Wheels Go Round in the New York Office.

New York, Aug. 19.—Governor Wilson visited the Democratic National headquarters for the first time tonight. After inspection of the quarters in the Fifth avenue building and survey of the work being done there, he said he was pleased to find the campaign work so far advanced.

Governor Wilson conferred with Rolla Wells, the new national treasurer of the National campaign and Henry Morganthau, chairman of the Finance Committee.

It was the first meeting of Governor Wilson and Mr. Wells since the latter was appointed treasurer. Although Mr. Wells was originally a supporter of Champ Clark for the Presidential nomination he and Governor Wilson have been close friends ever since they were students at Princeton together. After conference with Mr. Wells Governor Wilson expressed himself as highly pleased over the plans for raising campaign funds.

STATE OFFICIALS UP IN ARMS

Can't Agree on Occupancy of New And Vacated Buildings—Surprise Marriage—Corporation Commission Affairs

(Special Star Correspondence.)

Raleigh, N. C., August 20.—State officers interested in the matter find it difficult to reach an agreement as to the assignment of quarters in the old Supreme Court building when the Supreme Court and the State library move into the new State fire-proof building. The officers who must depend on the old building for quarters are the superintendent of public instruction, commissioner of insurance, the corporation commission, the commissioner of labor and printing and the State board of health.

These officers held a conference this afternoon but reached no agreement, the issue being raised that it would require an act of the Legislature to adjust the matter. This issue is raised by Insurance Commissioner Young, who made a persistent fight for quarters in the new building but was ruled out by the building commission, Col. Ashley Horne, chairman. Mr. Young's contention is that neither the building commission nor the State board of public buildings and grounds has the right to assign these departments to quarters but that it is a matter for the Legislature. If this is the case it will mean that the whole matter of space in both the new building and the old Supreme Court building will have to be fought out in the Legislature. Considerable bitterness has already developed in the fight that there has been before the building commission over the quarters in the new building. The Corporation Commission is demanding the Supreme Court room and first floor of the court library. Superintendent of Public Instruction J. Y. Joyner says he must have his present quarters, the offices of the attorney general that will be vacated, and the second floor of the Supreme Court library. A part of the latter he will use as an exhibit room for educational purposes in the State, a new feature he has been planning for some time. The State Board of Health is demanding the present offices of the Supreme Court clerk, and the department of labor and printing is insisting in adding to its quarters, the present colored reading room and newspaper file section of the State library. This leaves the department of insurance the main reading room and library hall of the State library on the third floor. Commissioner Young is insisting that if he takes these quarters there must be vaults installed and an elevator provided. It is certain that there will have to be a considerable appropriation made for remodeling the old Supreme Court building to make it suitable for the adjustment of the departments it must house for the future.

Miss Laura Lee Fields, of LaGrange and Mr. William A. Hodges, of Norfolk, connected with the construction force of the new State building here, afforded Raleigh a novel marriage at 1 A. M. today when they had Deputy Register of Deeds Arch J. Wood perform the ceremony in the presence of several friends and they caught the Norfolk special that left union station shortly after 1 o'clock. The couple came in on the train from Norfolk that arrives at 12:30 A. M., and were married and starting back in half an hour. Mr. Hodges was a widower, 32 years old and his bride is 18 and quite pretty.

Governor Kitchin went into Nash county today to deliver a number of campaign speeches in connection with his race for the United States Senate.

A charter is issued for the Ashboro Fruit and Produce Co., of Ashboro, capital $20,000 authorized and 1,500 subscribed by J. M. Allen and others.

Corporation Commissioner E. L. Travis is to return to the city tomorrow after being out of the city some time on business and Commissioner W. T. Lee is here very much improved after his terrible injuries in the Waynesville runaway accident. The statement is made at the commission offices that there will be a number of orders made within the next day or two in matters that have been pending for some time, delayed by the absence of members of the commission.

WILL STUDY MALARIA.

Special Commission Will Direct Campaign in South.

Washington, August 19.—The study and prevention of malaria in the South is to be directed by Captain Charles F. Craig, of the Army Medical Corps, as the chairman of a special commission which was authorized at a meeting of the Southern Medical Association at Hattiesburg, Miss., last November.

Captain Craig was named as chairman of the commission today by Dr. J. M. Jackson, president of the association. Other members appointed on the committee were:

Dr. Graham E. Benson, Crescent City, Fla., secretary; Dr. R. H. Von Ezdorff, Public Health Service, Mobile, Ala.; Dr. William Krauss, Memphis, Tenn.; Dr. Creighton Wellman, New Orleans; Dr. William H. Deaderick, Marianuna, Ark.; Dr. W. S. Thayer, Johns Hopkins, Baltimore; Dr. Seale Harris, Mobile, and Dr. C. C. Bass, New Orleans.

The commission will begin at once the task of obtaining and tabluating information from the entire South on malaria fever, what proportion of so-called malaria is really malaria, what other fevers simulate it, what means of prevention are used and what means should be adopted.

KINSTON AFFAIRS

Taft Men Are Few—Railroad to Richmond—Confederate Officers

(Special Star Correspondence.)

Kinston, N. C., August 20.—A call has been issued by Palmer Mewborn, president of the Lenoir county Roosevelt club, for a meeting of the Bull Moosers in the Court House here Saturday. It is expected that the meeting will start the organization of the Roosevelt followers in this county, and that an organization of this kind would supercede the regular Republican organization is little doubted, as there are hardly enough Taft men in Lenoir to man the machinery, it is said. The Republican county convention follows a week later, and interesting developments are looked for in the interim.

Insistence by the buyers that tobacco be graded before being put on the warehouse floors, is preventing very large breaks on the local market until this demand can be systematically complied with. However, the sales are not at all small. Fairly good breaks were sold on the local floors yesterday, when 50,000 pounds of the weed were disposed of. Prices remain practically unchanged from the rulings of the opening day less than a week ago.

Mr. C. Felix Harvey and family have returned after an automobile trip to Atlantic City. Mr. Harvey reports a delightful trip to the resort, and says that no disagreeable features marred the journey's pleasures in any way.

The thirty days' notice of franchise was begun yesterday for the proposed railroad and street railway to be built by local men in the near future. The steam road to be constructed to connect Kinston with Richlands, and possibly Trenton and other points in the country southeast of here, while the trolley line is a matter of a little later date. Applying for the franchise were R. C. Strong, J. H. Canady, F. C. Dunn, D. F. Wooten, Lovit Hines, C. Felix Harvey, Henry Tull, H. E. Moseley, J. E. Hood, J. F. Taylor, Burrell Stroud, H. C. Riley, E. W. Chadwick and associates, all prominently connected with local business affairs. The proposed franchise gives the grantees the privilege of erecting necessary "warehouses, depots, powerhouses, carsheds and other buildings;" of maintaining and operating "tracks, switches, turnouts, appurtenances, and to erect poles, wires and other appliaces and to operate cars in, through, over and upon the streets of Kinston, for the purpose of operating a railroad and a street railway, one or both." This franchise is for thirty years, and specifies a maximum rate of five cents per fare within the city for the proposed street railway.

A notable trio of Confederate officers are gathered in the home of Col. N. B. Whitfield, in this city. Visiting Colonel Whitfield are Col. and Mrs. Jno. P. Cobb and daughter, Miss Grace, of Tallahassee, Fla., and Maj. Jas. George Whitfield and daughter, Miss Susie, of Whitfield, Ala. eMssrs. Cobb and Whitfield and their host were all infantry officers in the service of the Confederate States with distinguished records, and many veterans are greeting the notable visitors to swap reminiscences of the sixties with them. Col. Cobb commanded the Second North Carolina Infantry, and his regiment saw a great deal of service. He was wounded at the battles of Malvern Hill, Chancellorsville, second Cold Harbor and lost a leg at Winchester, Va in 1864, where he was taken prisoner. Major Whitfield, like his gallant host of the same name and Colonel Cobb, participated in many spectacular engagements, including the battle of Newbern and Oulustee, Fla. He was in command of the troops at the Trent river bridge when it was burned.

The many friends of Miss Mae Braxton, one of Kinston's most popular young women, were surprised to learn of her marriage at her home on Blount and Mitchell streets at 7:30 P. M., to Wm. F. Stroud, of Chapel Hill. The wedding was to have been in September, and it's coming about so unexpectedly caused a complete surprise in local society circles. Rev. Bernard P. Smith, of the Christian church, performed the ceremony, which was witnessed by a very few, including the charming bride's relatives. The couple left on a Norfolk Southern train shortly after the ceremony.

KITCHIN IN NASH

Governor Speaks to Large Audience At Taylor' Store—Barbecue

(Special Star Correspondence.)

Rocky Mount, N. C., August 20.—Nash county voters are today listening to the first of the series of political speeches in the fight for the Senatorial nomination, when at 1 o'clock this afternoon at John N. Taylor's store, about 12 miles from this city, in Nash county, Governor Kitchin addressed several hundred, possibly a thousand or more. The day's events included a big barbecue dinner at 12 o'clock while the speaking started an hour later.

The Governor arrived in the city by the 8:30 train this morning from Raleigh, and was taken by machine to the place of speaking, the escorting party being composed of Judge Jacob Battle, Senator T. T. Horne, Mr. J. P. Bunn, Mr. L. L. Gravely, Mr. E. B. Grantham, Mr. J. C. Braswell and others. In addition to the escorting party there are several automobile parties from this city and there are several dozen Rocky Mount folks in attendance. The programme includes the return of the Governor to this city tonight probably returning to Raleigh by the night train.

There is much interest in this visit to Nash county since it is heralded that Senator Simmons will probably open his campaign in Nash county on Monday next, when the Central Simmons Campaign Committee will hold a mammoth barbecue dinner at Nashville, and more than 3,000 persons are expected, and dinner will be prepared for this number. Today Governor Kitchin made the first appeal to the voters and his supporters hereabout believe that he will make votes on this visit. However, the Simmons men feel satisfied with the second go-round and that Senator Simmons will cinch Nash county when he comes to Nashville Monday.

Women laugh with a wise man and at a fool.

Nothing is too absurd for some people to undertake.

NOMINEES FOR SENATE.

Fourteenth District Convention Held Yesterday at Dunn, N. C.

(Special Star Telegram.)

Dunn, N. C., May 20.—The Senatorial convention for the fourteenth district met here today and nominated A. O. Barbour, of Johnson, and Geo. L. Peterson, of Sampson, for representatives from this district, which is composed of Lee, Sampson, Harnett and Johnston counties. This is the largest and most enthusiastic convention ever held. All indications point to a large Democratic majority from the fourteenth district in November.

M'COMBS IN HIDING

Democratic Chairman Taking a Respite From Politics

New York, August 20.—William F. McCombs, chairman of the Democratic National Committee, who dropped active campaigning 10 days ago under his doctor's orders, left this city today for a rest of two weeks or more in the country. He was accompanied by his sister. In order to insure his having absolute quiet and a respite from politics, the place of his retreat was not disclosed.

It sometimes happens that when a man's wife dies he loses his only visible means of support.

Everything on earth has its use, but it is probably just as well that we don't know about some things.

CONSTIPATION IS A MENACE IN SUMMER

Regularity of Bowels Very Important to Health at This Time

At no time should people more closely watch the condition of their bowels than during hot weather. Summer conditions contribute in various ways to cause constipation, but whatever the cause the trouble should be quickly corrected; constipation, if neglected, leads directly to serious, and often fatal disease.

Some people find that certain fruits have laxative effect, but this cannot be depended upon; a mild laxative tonic that will act gently and positively, without griping or shock to the system, is far preferable. The compound of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin, is highly recommended as being easy and natural in action, pleasant to the taste, and certain in its effect. A dose of Syrup Pepsin at night will restore normal action in the morning, carrying off the heaviness and bloat. Salts, purgative waters and cathartics should be avoided, as they upset the entire system and afford at best but temporary relief. By cleansing the bowels and removing the foreign matter that irritates and inflames the tissues, a spoonful of Syrup Pepsin will quickly check the Summer diarrhoea that is so weakening. Dr. Caldwell's Syrup Pepsin is sold by druggists for fifty cents a bottle, the larger, family size costing one dollar. A free trial bottle can be obtained, postpaid, by writing to Dr. W. B. Caldwell, 406 Washington St., Monticello, Illinois.

We Are Standing On the Platform

With Woodrow Wilson who advocates local self government and local option—and is opposed to trusts. The trust that thinks because they are a corporation, they can continue to sell intoxicants in New Hanover have some thing coming to them when Judge Carter returns in September. Oh you corporation. Oh! you boot legger The chain gang will get you yet. They are a pair of a kind and won't do to draw to—but the all American team at the Princess Cafe—are the lads you can bet your good money on—also Woodrow and local governmen'.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY, INC., Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates, or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Wednesday, August 21, 1912.

The next station will be the agricultural fairs.

Look for the joker in the Panama canal bill.

A Republican is now ashamed to mention the full dinner pail.

In New York the wages of sin seem to be collected by the police system.

A reactionary is a politician who refuses to paw up the earth and throw mud.

There is no doubt that a good many stump speakers in the present campaign are going to be stumped.

Probably the mere suspicion that William J. Burns is waiting to be "next," might stop a whole lot of conversation in the barber shops.

Now that Teddy has slammed the door of opportunity in the face of Unk Ephriam, how will he smooth it over with Booker T. Washington at their next luncheon?

It is announced that President Taft has decided not to bother with woman suffrage. Owing to his common failing, we fear this is where he again puts his foot in it.

Secretary of Agriculture James Wilson fixes the date of his retirement as March 5th, 1913. He has a prophetic eye, but President Wilson, who will be inaugurated the previous day, may ask the Secretary to hold over till he names the Democratic Secretary.

After a trip to New England, Colonel Roosevelt returned to Oyster Bay to take two days rest which, to him, means spending his time in physical training. Evidently he thinks it is going to take muscle to stand at Armageddon.

Veto Bill talks like he doesn't mind staying in Washington the entire Summer if Congress does not pass bills that meet his approbation. He seems to enjoy his last opportunity to run the steam roller over Congress.

Our idea of an absolutely unexpected eventuality is like this complete abandonment of hope by the Asheville Citizen: "Asheville has about as much chance of winning the Appalachian League pennant as Taft has of being elected President."

With the Rough Rider it's a knock, and a fight, and a battle. His hat in the ring typifies the bully. Slugging 'em through the ropes characterizes the bruiser. Fighting at Armageddon portrays the blood-letter. The man's idea of doing things is to do them to some other fellow.

"We are not battling for revenge, but for remedies," said Woodrow Wilson in his recent speech to the Pennsylvania farmers. Wilson's epigrams are purposeful. The Democratic party is in business for the people, and not to knock anybody through the ropes.

Mr. George W. Perkins, of the Harvester Trust, who has furnished money and talk for th eBull Moose campaign, publishes a three-column article to explain his political aim. Of course, his "aim" is to elect Roosevelt, but he fails to satisfactorily state the motive back of it.

Senator LaFollette says he considers Roosevelt "an obstruction across the path of progress." LaFollette is such a clean proposition that it is difficult for the Colonel to get a clue of any kind on him. No doubt, however, he considers the Wisconsin Senator as a pernicious mollycoddle, who is merely meandering along the path of progress.

EYES ON SOUTHERN PORTS.

Several years ago when it appeared certain that the United States would construct the Panama Canal, the Star predicted it would cause the great railroad systems to make connections with Southern ports. Now that the canal is nearing completion, hardly a day passes that there are not rumors that some one of the big railroads are seeking an ocean gateway on the South Atlantic. Some of these rumors doubtless are not based upon the real facts, but in some instances they indicate that something is up, whether the definite plans are yet made public or not.

That the Panama trade will cause the railroads to establish water terminals at our Southern ports there is no room to doubt. Lines already having port terminals are improving them, and within the next three years will move rapidly. Indeed, most of the lines already are constructing modern water terminals, and especially is that the case at Florida and Gulf ports. We expect to hear many rumors in this evonnection and also expect to see many actual accomplishments of a constructive character, but even if some of the rumors afloat cannot be verified they are all quite interesting. Here is one of that kind from the Savannah Morning News:

"Is the Pennsylvania Railroad gradually acquiring control of the Atlantic Coast Line for the purpose of getting port facilities at Savannah to establish a line of steamers to Panama when the canal is opened? This interrogation is being made by several of Savannah's business men and bankers, who have been seeing the "inside" trend of affairs which lead them to believe the announcement is not far off when it will be definitely stated that Savannah will be utilized as the northern terminus of the proposed steamer line.

"It is reliably stated that representatives of the Pennsylvania Railroad have already been in Savannah looking and talking over the situation. A reporter of the Morning News while deluged with rumors, has not been able to trace any of them to a tangible conclusion.

"Continued activity in the sale of A. C. L. stock, which has recently reached its highest point since early in 1907, is one of the causes for leading several to believe the Pennsylvania Railroad is interested. The fact that Savannah presents one of the most desirable ports of the Atlantic coast for the operation of a Panama line, and the known fact that the Pennsylvania is anxious to get in touch with the business that will develop when the canal is opened, are said to be the three principal causes to lead to the theory there is something doing.

"Jacob S. Collins, president of the Real Estate Bank and Trust Company, stated to a reporter of the Morning News that he had heard rumors that the Pennsylvania Railroad is endeavoring to acquire the Atlantic Coast Line control for the purpose of establishing this port as a Panama line terminal. He said he believed the rumor had more or less foundation of fact and would not be surprised should the announcement be made soon. Certain local activity, he stated, also caused him to believe there will be something doing soon.

"Others interview expressed ignorance of the situation but all are of the opinion that when it becomes necessary to establish Panama canal terminals on the Atlantic coast that Savannah will surely be one of the cities selected."

The Pennsylvania railroad would not have to acquire absolute control of the Coast Line to get into either Wilmington, Charleston Savannah, or Jacksonville. There is close affiliation between the two systems, and it was hardly a year ago that it was officially announced that their relations would become closer. We are prepared to believe that when Panama trade begins to move, we will hear definitely that the Pennsylvania, the Baltimore and Ohio, the Hill lines and others, perhaps will establish port connections on the South Atlantic.

We do not think, however that we need pay much attention to the rumored establishment of steamship lines by the railroads. They would hardly do that when the Panama canal bill passed by Congress a few days ago, prohibits "ships owned or controlled by railroads or trusts from using the canal." The present temper of the country seems to favor that policy, but time will dissipate that prejudice just as it did that which swept the country when the numerous short lines began to consolidate into great systems in the decade or so following the Civil War. No one now doubts the advantage of great railway systems.

The Panama bill in its present shape may realy be detrimental to Southern ports, which, otherwise, may never have direct steamship lines to South American or Oriental ports. Steamship lines are not oragnized every day, and no doubt it will be a long time before great steamship companies are organized to put on lines of steamers from Southern ports. Some of the railroads might have established lines in order to get business for the Latin Americas but it is not likely that they will have any for service through the canal.

We see no reason why any discrimination should have been made against any class of ships in view of the fact that proper regulations under the canal act could have remedied any attempts either on the part of shipping trusts, or railroads, or private monopolies. By shutting out competition we are most likely to have very few companies engaged in competitive transportation through the canal. When we lessen the opportunities for transportation we make it easy for monopolization of steamship service through the canal. We feel like predicting that we will rue the day that we did not provide for regulation of water transportation instead of restricting it to a certain class of ships, most likely to be owned or controlled by one company, even though it may not be a trust. A huge company can constitute a monopoly without being a trust.

The following from yesterday's Baltimore Sun in this connection will be read with interest:

"If the securities of the Atlantic Coast Line were eliminated from yesterday's dealings at the Baltimore Stock Exchange the remaining transactions would look almost insignificant for a full day's business. The Coast Line debenture 4s footed up $157,000. They brough 107 1-8 and 107 1-4, the higher price being paid for most of the bonds. These issues did not manifest the firm undertone which has prevailed for the last week. At the close the bonds were bid for at 106 3-4, but there were no offerings under 108.

"A report was current that the Pennsylvania might be seeking control of the Coast Line to secure a Southern port outlet for use on the completion of the Panama Canal. It was said that Savannah is the obective point. This rumor like similar ones in the past, was denied by those close to the Coast Line management. It was also denied by the Pennsylvania Railroad officials from Philadelphia and received little or no credence here."

REACHING OUT FOR COMMERCE

The Star took a cue from the Manufacturers' Record last week about the opportunity of Southern cities in the matter of "reaching out" after trade. We coupled with the idea the suggestion that our Southern ports also have an equal opportunity in reaching out after commerce. We have no idea how far we can reach out till we try.

The Star gave an illustration of the commercial opportunities of our port by citing the fact that while we were not thinking of it, two cargoes of pig iron sought the port of Wilmington for exportation to Chile. This shows us that there is no telling how far away this port could reach out for commerce if it would only try. Cotton, cotton goods, pig iron and machinery constitute only a few articles of commerce that we could draw from the distant interior. We really ought to make our port serve hundreds of interior cities which are in need of an ocean gateway for both exports and imports.

A few weeks ago New Orleans furnished us a striking example how far away a port can reach for business. The business men of New Orleans have been plucky enough to recently start a steamship line of their own, to trade with eastern ports of Central and South America. They did not wait for the canal but began to look for trade on this side of South America. The New Orleans enterprise was looked upon as an experiment, but the success of the first of her steamers was astonishing, for it took out a valuable cargo and returned with another.

In making up that first cargo for South America, New Orleans was surprised to receive exports from away over here on the Atlantic. It was heralded abroad, of course, that the steamer was to sail from New Orleans for South American ports and that put manufacturers on notice that they could make shipments by that steamer. To make the matter short, New Orleans reached out as far as Florida for lumber for export. What else went from other southeastern States we are not aware, but if New Orleans keeps up her line North Carolina manufacturers will be sure to patronize it. They would do the same for ships sailing directly from Wilmington or making this a port of call.

There is in the near future a magnificent opportunity for our Southern ports. Already Southern products constitute more than half the entire exports of America, and 45 per cent of the commerce of the United States this year went directly from Southern ports. The South is a great producer of export material, and that ought to assure the future of every ocean gateway of the Southern States.

DEBAUCHED CITIZENSHIP

There is a louder cry for civic reform and the creation of higher standards of citizenship and manhood in this country than there is for some of the political nostrums interjected into this Presidential campaign. The political parties and politicians had better quit debauching the voters of the country before they engage in political halleluiahs. Listen to this sad story from the Baltimore Evening Sun about the invasion of the South by the vote buyers:

"More than 1,000 citizens of Lee county, Virginia, were bought and sold like cattle in the election of 1910. The same conditions prevailed in Dickinson county. In the contest for Congress between Slemp and Stuart, it is estimated that $200,000 was spent. Votes were quoted as high as $50 and averaged $25. Even for the little county the grand jury found $17,000 had been spent in Lee. Both parties were tarred with the same stick. The Republicans spent more than the Democrats because they had it to spend. But the whole section was systematically corrupted. These men who sold their votes were not ignorant negroes, but white men; not immigrants, but native-born Americans.

"Vote-buying had been common for thirty years. When the authorities attempt to stamp out the practice they are threatened with a repetition of the Hillsville crime. But the fate of Judge Massie does not deter Judge Skeen. He is determined to punish the guilty, no matter what may come to him. In Lee county alone 195 voters have been indicted; in Dickinson, 165, with more to come. Wise county has several hundred who are on the anxious bench. The accused, their friends and sympathizers comprise thousands—a large proportion of the population. This constitutes a dangerous condition in that clannish mountain country where fingers are quick on the trigger. It takes a brave judge to carry the law to the mountains, but Judge Skeen should not be put in peril. Doubtless Governor Mann will see the necessity of using all the power of the State to protect the court in its work of stamping out crime and vindicating the law in Virginia."

That is indeed, a shocking state of affairs. A few instances of the bribery of voters might not be unexpected, but when it is done by the wholesale it shows a low standard of manhood and citizenship, almost touching whole communities.

CURRENT COMMENT.

After a 9,000-mile trip through foreign lands the president of Salem Female College (North Carolina), Dr. Howard E. Rondthaler, concludes: "The result of my trip through Europe is a renewed pride and delight in our own country and particularly in the South, where opportunities are far better than in any other portion of the world I have seen." One good effect of travel is heightened appreciation of home. "What was the best part of your trip to Europe?" a returning traveler was asked. "Getting home," he said. "I never realized before how much better, in the things that count, America is than Europe." Right here in Maryland thousands of opportunities, overlooked, while energy goes searching the West and North for an outlet. Many a man has sought fortune far away when opportunity stood at his own door.—Baltimore Evening Sun.

The railroad man who is "rather high up in point of service," and who has written a letter to Judge Clark stating that he has received orders "direct from officials of the road," to resign from a Clark campaign club, owes a duty to himself, to Judge Clark and to the State. That duty is to give Judge Clark permission to make public the name of the writer, to specify the railroad offending and to give the name of the railroad official issuing the order. Judge Clark and his friends could afford to provide for the writer of the letter, in case of his discharge from the railroad service, and we have no doubt they are able to do this. A former railroad letter was, and is yet, a source of grievous embarrassment to Judge Clark. If the writer of this later letter is a real friend of Judge Clark, he will not hesitate to make public his name and the facts.—Charlotte Observer.

We do not think that Vermont any longer can be used as a political barometer, but the result of the Guberiatorial election there may serve to show which way the wind is blowing. The State went for Taft in 1908 by 30,000 majority. In 1910 it showed a Republican plurality of only 17,000, which represented rather Republican losses than any real Democratic gains. This year there are four parties in active warfare, any one of which may win. The Republicans have a chaice; the Progressives have a chance; the Prohibitionists have a chance, and the Democrats have a chance. We are inclined to think, however, that the fight will finally rest between the Republicans and the Democrats, and the latter may win if the ranks hold fast while revolt from the Republican party is general. The Vermont election, in fact, will mean more to the Progressives than to any other party. If they can carry the State, or even make a good showing there, it will have strong moral force in persuading the country that the Roosevelt party is a real power. That is why, no doubt, Mr. Roosevelt is going to make such strenuous efforts to swing the State his way.—Charleston News and Courier.

An American movement for woman's suffrage, once it has obtained a fair start, must necessarily gain in momentum, as has been heretofore pointed out. In California, the ballot of a woman has the same weight in choosing a Presidential elector that the ballot of a man has. Consequently, when Mr. Roosevelt and his party declare for woman's suffrage everywhere, other parties are placed at a disadvantage in California unless they fall into line with the Roosevelt plan. Of course, it is to be taken for granted that the revolution will not turn backward, that the California women are resolved to retain the ballot and that the California men are consenting to it. The women have the right to vote in four or five Far Western States and the fact must be recognized that in the present campaign woman's influence is not to be ignored. The Republican and Democratic parties, as well as the Progressive, are, indeed, enlisting women's influence. Miss Harriman, of New York, an able and accomplished woman, has been placed in charge of the Democratic woman's movement and in a few days will open headquarters, while Miss Mabel Boardman, successor to the late Clara Barton, at the head of the Red Cross, an intimate friend of the Taft family, is to do a similar work in the Taft cause.—Columbia State.

ANSWERS WICKERSHAM.

Teddy Says Administration's Suits Are Fine for the Trusts.

Oyster Bay, N. Y., August 19.—The more suits against the trusts that are brought to a successful conclusion the way Mr. Wickersham brought the Standard Oil and American Tobacco cases to a conclusion, the better it will be for the trusts," Colonel Roosevelt said tonight. "If Mr. Wickersham will conduct a similar conclusion, a few more suits of the same kind, he will confer benefits upon the trust's such as all of them put together cannot confer upon themselves."

Colonel Roosevelt made this statement when he was told that Attorney General Wickersam had been quoted as saying that the Taft administration had done more to break up the trusts and enforce the Sherman anti-trust law than had been done by the Roosevelt administration. The only method of dealing with the trusts which was more absurd than the present administration's, he said, was that recommended by the Stanley Congressional Committee. The proper way to meet the question, he continued, was outlined in the Progressive platform, which advocates an Inter-State Industrial Commission to regulate corporations.

Colonel Roosevelt dropped the work of the campaign today and saw no visitors. He said he expected to see no one until he went to New York Wednesday, before leaving for Wilkesbarre, Pa.

ASHEVILLE MURDER TRIAL

Clyde Melton Placed on Trial In Asheville Superior Court

(Special Star Telegram.)

Asheville, N. C., August 20.—The trial of Clyde Melton, charged with the murder of Ed. S. Swinney a few weeks ago, began today. The morning was taken up with the selection of a jury. Thompson, the principal State's witness, testified that Melton shot Swinney in the back as the latter turned to walk away.

If you doubt a man's lic he dislikes you; if you believe it he thinks you are a fool; it is a choice of two evils.

The more they can annoy you the better some people seem to like it.

AX-GRINDING

A Science With Some Dealers--Done at the Expense of the Public

There is nothing "just as good" as Newbro's Herpicide. Some dealers will even go so far as to tell you they have something better.

That dealer has an axe to grind.

You can't stop his grinding, but you can prevent him grinding it at your expense.

There is one sure, swift way to do it.

Go where you can get what you ask for.

You won't be obliged to do this very often, as fortunately the majority of druggists are honest and conscientious.

Newbro's Herpicide has been so long and favorably known as the original dandruff germ destroyer that no one should be deceived.

When you need a hair remedy, you don't want one which merely promises to kill the dandruff germ and prevent the hair from falling.

You want one that will do it.

Herpicide does it.

The hair becomes soft and lustrous. There is life, snap and beauty where formerly the hair was dead, dull and brittle.

Newbro's Herpicide is sold and guaranteed by all druggists.

Applications of this wonderful prophylactic may be obtained at the best barber shops and hair dressing parlors.

Send ten cents in postage or silver to The Herpicide Co., Dept. R., Detroit, Mich., for a nice sample of Herpicide and a booklet telling all about the hair.

VISITORS ARE WELCOMED

Grand Encampment of Odd Fellows In 65th Annual Session at Seashore Hotel—Large Attendance of Members

The 65th annual meeting of the Grand Encampment, I. O. O. F., the higher branch of Odd Fellowship, convened on the steel pier of the Seashore Hotel last evening with upwards of 100 delegates in attendance. Just prior to the convening of the Grand Encampment the visitors were formally and cordially welcomed to Wrightsville Beach and Wilmington by Wm. L. Smith, Esq., of the local bar, and the address was happily responded to by the Grand Patriarch, Mr. R. P. Clingman, of Winston-Salem.

Many of the Odd Fellows are accompanied by members of their families or friends and they will combine the fraternal work with pleasure. They are having a fine time at the resort and expect to enjoy every minute of their stay.

After calling the gathering to order, Grand Patriarch Clingman introduced Wm. L. Smith, Esq., who formally welcomed the visiting Odd Fellows. He spoke as follows:

"My Brother Patriarchs:—To me has been given the pleasure of bidding you welcome to this place, a very pleasant duty, but an almost entirely unnecessary ceremony for ever since your arrival we have shown you by our looks, acts and words that we are truly glad to have you with us, much more convincingly than can any words of mine, which, however, commonplace are none the less sincere.

"We are glad that you have come and when our session shall have ended and you leave, we want you to go reluctantly, carrying pleasant recollections of the meeting, with knowledge and the satisfaction that we have worked together to advance our branch of the order, and that we can show to our brothers of the subordinate branch we are keeping even with them in the good work of the order and in everything that goes to elevate our brotherman and benefit the world at large.

"We are glad that you are here; we like to see your smiling faces and feel the friendly handgrasps which tells us that you are our friends and brothers and assures you that you are in the house of your friends and the home of your brothers; and whether you come from the lowlands of the east, the hills and meadows of the center, or the mountains and valleys of the west, we are one family whether of the subordinate lodge or of the encampment, all working i none great cause, and should be proud in knowing that as our order grows in years it increases in usefulness; that no backward steps have been taken and our way is still onward and upward; that the lights which sparkle from our orphan homes all over the land, the beacons which direct our course over the sea of human want, have been placed there by our work and by that of our brothers who have gone forward; that we have 2,000,000 members enlisted until there shall be no wants to relieve and no tears to dry. Our order is great and growing greater, keeping pace with the wonderful changes and improvements seen everywhere in our own dear State, whose people have ever been foremost in the battle for human rights, and although conditions have sometimes forced a temporary restraint of their freedom they have never bowed in submission to oppression nor yielded entirely to defeat.

"The commands of our order are the instincts of a people like this, and it is for us to increase its fields of work and its scope of influence, so that we may give to our weaker brother such care, protection and comfort as rapidly changing conditions may require. Let us enlarge the sphere of its activities and build for the future and carry out in our day and generation the principles that have always directed the order, so that when we shall be too old for further service we may look back over what we have done, confident when we surrender our charge to our younger brothers, that we have advanced Odd Fellowship in our day as far as did our older brothers in theirs.

"We welcome you to our Summer city, the City of Wrightsville, our pleasure, our pride and one of Wilmington's best assets; we offer you its shelter, its brightness and its pleasures. If you seek coolness, quietness and rest, you get them here. If you require light, brightness and pleasure and incidents of pleasure, they are here waiting for you. If you love the sea with its fishing and bathing, they are yours for the taking. Then we offer you Lumina, the queenliest queen of pleasure palaces, where by day thousands of our people rest and enjoy the cool breezes of the ocean under the shelter of its broad roof, and by night, other thousands dance under its myriad lights or wander about its promenades or in its dark spaces, in hushed tones as each other what the wild waves are saying or something of the kind, or tell the same old story about the one girl and the only time. It is conceded that the sun may rule the day at Wrightsville, but Lumina rules the night and her dominion is pleasant and her chains easy to bear. To these pleasures and to all the other things belonging to this delightful place, we welcome you with all our hearts."

In responding to the address of welcome, Grand Patriarch R. P. Clingman declared that he was only too glad to accept, personally and on behalf of the encampment, the hospitality so cordially extended by Mr. Smith. He declared that the encampment had been brought to the ideal spot in North Carolina, and, he believed, the ideal spot on the Atlantic coast. The meeting of the Encampment, he said, was for the purpose of advancing the interests of Odd Fellowship along all lines, but that all the members welcomed the opportunity of combining pleasure with work, and that they were delighted with the pleasures which Wrightsville Beach had to offer. If they could not do effective work in this atmosphere of brotherly love and friendship, said the speaker, it would be their own fault. He cordially thanked Mr. Smith for his kind speech of welcome, and declared that if the meeting turned out to be as successful from point of work accomplished as it promised to be enjoyable, it would go down as one of the most notable in the history of the Grand Encampment.

Others who made short talks were W. E. Allen, of Waynesville; Gilmore W. Bryant, of Durham; L. W. Jeanerette, of Asheville; M. W. Jacobi and W. H. Yopp, of Wilmington.

The formalities of the opening of the secret session were then gone through with and the following committees were appointed:

State of the Order—W. C. Allen, E. P. Stradley and David Gaster.

Finance—H. E. Frick, J. E. Rickman and Henry French.

Constitution and By-Laws—W. E. Beck, K. Kendall and R. W. Murray.

Mileage and Per Diem—E. W. Chadwick, Jno. E. Wood and P. E. Hare.

Returns—L. W. Jeanerette, G. A. Keer and A. T. Parker.

Credentials — W. A. Bullis, W. H. Overton and W. J. Boone.

Miscellaneou s Business — D. H. Kendall, W. L. Smith and T. L. Bramlett.

Memoirs—Geo. Green, S. B. Waddell and L. Cohn.

To draft Resolution of Thanks—G. W. Bryant and Perrin Busby.

A recess was then taken until this morning at 10:30 o'clock, when the meeting will be called to order in the assembly hall at the seashore.

It is hoped to finish all business, including the election of officers, by 3 o'clock in the afternoon, when the convention will be adjourned and the visitors will enjoy a ride out to sea in Captain Wells' boats. Light refreshments will be served on the trip.

The novelty of holding the meeting on the pier last night made a decided hit with all the visitors. The cooling breeses swept in from the ocean and the waters were beautiful under the subdued light of a new moon. No more delightful spot could have been selected for the opening session.

Among those attending the Grand Encampment are Grand Patriarch R. P. Clingman, Winston-Salem; Grand High Priest David Gaster, Fayetteville; Grand Senior Warden E. B. Stradley, Asheville; Grand Scribe, R. H. Ramsey, Charlotte; Grand Treasurer Jno. E. Wood, Wilmington; Grand Junior Warden, E. W. Chadwick, Kinston; Grand Marshal K. Kendal, Salisbury; Grand Sentinel D. R. Aiken, Greensboro; Grand Outside Sentinel, H. Winston Davis, Raleigh; Grand Representatives W. C. Allen, Waynesville and G. W. Bryant, Durham; officers of the encampment, and Messrs. Perrin Busby, Raleigh; N. B. Moore, Kinston; A. B. Cox, Kinston; L. T. Hendren, North Wilkesboro; T. B. Waddill, Asheville; L. W. Janerette, Asheville; W. J. Boone, Fayetteville; Geo. Greene, Newbern; J. N. Edwards, Belhaven; P. H. Williams, Elizabeth City; W. A. Bullis, North Wilkesboro; R. W. Murray, Greensboro; Henry French, Kinston; G. A. Keer, High Point; Leapard Cohn, Goldsboro; Willie Berkins, Camden; W. E. Beck, Winston; A. M. Pittman, Charlotte; T. W. Phillips, Washington; W. B. Bagwell, Durham; T. A. Raney, Salisbury; C. S. Brinson, Powell's Point; A. M. Edwards, Judson; T. L. Bramlett, Waynesville; S. H. Pender, Greenville; Jno. S. Greenwod, Andrews; A. J. Springer, Raleigh; Jno. E. Rickman, Franklin; B. H. Kendall, Shelby.

TRUCK GROWERS MEET TODAY

Probable That the Truckers' Association Will Be Re-organized

It is probable that the East Carolina Truck and Fruit Growers' Association, which suspended operations for the past year, will be re-organized and placed upon a permanent basis at the annual meeting of the stockholders in the Court House this afternoon The meeting will convene at 2:30 o'clock. It is expected that the meeting will be largely attended by truckers and fruit growers of this section.

This morning there will be conferences of the executive committee and of the directors of the association. Plans for re-organizing the association will be discussed and probably formulated for consideration by the stockholders at their meeting. Ex-Mayor Wm. E. Springer is president of the association and Mr. H. T. Bauman is secretary.

The movement started a few years ago to have the association placed under the direction of the State Department of Agriculture will probably be revived. It is likely that the next Legislature will be asked to pass a bill providing that the association be taken under the care of the department.

FINANCIERS MEET TOMORROW

Annual Convention of Country Bankers' Association at Beach

The sixth annual convention of the Country Bankers' Association of North Carolina will convene in the ball room of the Oceanic Hotel tomorrow evening to continue in session through Friday. It is expected that 200 bankers will be in attendance and a number will be accompanied by members of their families. Mr. Lacy Williams, cashier of the Bank of Maxton, and secretary and treasurer of the association, will arrive on the late train tonight. Probably a few other bankers will arrive today and tonight, but most of them will arrive tomorrow. Mr. Jesse N. Couch, manager of the Oceanic Hotel, has made ample preparations for the entertainment of the visitors and all may be assured in advance that they will be well taken care of during their stay at the hotel.

EXCURSION FROM MT. GILEAD.

Three Hundred Visitors Here For Two Days at the Seashore.

An excursion train of five cars, bringing about three hundred people from Mt. Gilead, Montgomery county, and points this side arrived yesterday afternoon about 4 o'clock over the Seaboard Air Line. The visitors spent the afternoon and evening at the beaches and after another day enjoying the delights of the seashode will return at 6 o'clock this evening. The train was operated by Messrs. D. E. Pemberton & Bro., and E. V. Ussery, of Norman, N. C., and was handled over the Norfolk Southern to Aberdeen, thence via Hamlet over the Seaboard to Wilmington.

SOUTHERLAND PLEAD GUILTY

Submission to Charge of Violating Prohibition Law—Negro Drew Six Months for Larceny—Hopewell Case Continued.

A. P. Southerland, a white merchant doing business at Macomber's Station, near Wrightsville Sound, plead guilty in the Recorder's court yesterday morning to two charges of selling beer in violation of the prohibition law, and, classing the offense as one commited previous to the last session of Superior Court, the Recorder followed the course laid down then in disposing of it. Prayer for judgment was continued on payment of the costs, the defendant being required to give $500 justified bond for his appearance each 60 days for a period of 12 months, to show that he has not sold any intoxicants.

The State had a number of witnesses against Southerland, but none of them was put on. Southerland plead guilty to selling three bottles of beer in the early Spring, at his store at Macomber's station.

Edgar Sanders, colored, was found guilty of the larceny of a bicycle from Jas. A. McClammy, white, and was sentenced to six months on the county roads. Notice of appeal was given and bond was fixed at $200. Jno. Fairs, colored, charged with the theft of the same wheel, was found not guilty.

J. J. Waldes, a foreigner, was found guilty on a charge of vagrancy and was sent to the roads for 30 days. A. J. Royal, colored, charged with disposing of mortgaged property, was found guilty and was fined $25 and costs. The negro sold some chairs, and other furniture on which there was a mortgage.

Two cases against J. C. Hopewell, white, charged with violating the prohibition law, by selling wine in less than two-and-one half gallon lots, as prescribed by the statute, will come up today. Hopewell was arrested some dys ago and was released on $150 bond. Yesterday the State claims to have discovered evidence of an additional sale of wine made Monday night and another warrtnt was served on Hopewell. The Recorder increased his bond to $500, which he gave.

CASES WERE DISMISSED.

"Linen" Peddlers Go Free—One Paid License Tax.

Before Justice Harriss yesterday at noon, Dominico Orango and a man styled in the warrant as John Doe alias Santiago, two foreigners suspected of swindling a number of ladies on Wrightsville Beach by taking orders for fine linen cloth and delivering cotton gods, were tried on charges of obtaining money under false pretences. Both cases were dismissed, as none of the witnesses were able to identify Orango as one of the men, and while several ladies identified "Santiago" as the man to whom they had given their orders and money, there seemed to be considerable doubt as to whether or not he could be convicted of a criminal offense, and a number of the witnesses did not desire to prosecute the cases.

"Santiago" however, was held on a charge of failing to pay his peddler's license tax. Later in the day he paid the tax, which amounted to $50 and was released.

Ex-Judge E. K. Bryan and J. O. Carr, Esq., prosecuted the cases and the defendants were represented by R. F. Brooks, Esq.

A number of the ladies who had given the man orders after being shown his linen samples, and who had received a cheap cotton cloth when the orders were filled, were present when the cases were called, but they were reluctant to take the stand against the man "Santiago."

The attorneys were of the opinion that while "Santiago" had undoubtedly swindled the women, there was small chance to convict him of securing money under false pretences, as he had taken orders and delivered goods for the money he received. It semed that those interested in the prosecution were desirous of dropping the cases and accordingly Justice Harriss dismissed them.

HOTTEST OF THE SUMMER.

Ninety-Four Degrees Official Reading of Thermometer Yesterday.

Ninety-four degrees as the maximum and 76 as the minimum was the measure of Wilmington's discomfort under one of the most oppressively hot days of the season yesterday. These are the official figures of calorie as dealt out by Observer Felger at the close of business last night and they were quite in keeping with what everybody expected. Opening under a blazing sun at 78 degrees yesterday morning at 8 o'clock, and letting up during the entire day only two degrees, the mean for the period was 85 degrees. There was occasionally a thunder head on the horizon, but no rain came to cool the parched earth. The total rainfall since the first of the month in Wilmington has been elss than half an inch. Previous high record of temperature for the Summer was 96 degrees, in June.

SPECIAL MEETING HELD

Council Received Proposals for Laying Asphalt Blocks on Chestnut Street and Repairing Fifth Street Bridge.

For the purpose of opening bids for the improvement of Chestnut street, between Front and Second, with asphalt blocks and receiving proposals for repairs to the bridge over the railroad tracks at Fifth street, a special meeting of City Council, lasting about 15 minutes, was held yesterday at noon. All members were present, and also the City Clerk and Treasurer, Capt Thos. D. Meares. Mayor Smith presided.

Only three bids were received, one for the improvement of the block on Chestnut, and two for the repairs to the bridge. The bid for the street work was from The Southern Paving & Construction Company, which had the contract for laying the asphalt blocks on Front street. The bid for the repairs to the bridge were from the Cape Fear Machine Works, and the Wilmington Iron Works. All the bids were referred to Councilman P. Q. Moore, in charge of the department of Streets and Wharves, and he will make his recommendations at the regular weekly meeting of Council this morning.

The proposal of the Southern Paving & Construction Company was to lay the asphalt blocks, which already belong to the city, on Chestnut, between Front and Second, or as far as they will go, for $2 a square yard, the street to be graded to a level of five inches below the finished paving surface and the blocks laid on a sand foundation. The proposal contained a clause that the work was to begin immediately and to be finished within ten days of the letting of the contract.

It will be remembered that the asphalt blocks which it is proposed to use in paving the block on Chestnut, were intended for Front street, from Red Cross to the union station. However, as the Atlantic Coast Line has a new passenger station and office building in course of construction it asked that the city refrain from paving Front street, north of Red Cross, until this building is completed. A number of interested citizens appeared before Council and asked that the blocks be used to pave Chestnut, between Front and Second, as this is the only side of the block which has not been improved. Councilman B. C. Moore fought the proposition, on the ground that Council had expended nearly all of the street improvement money without giving the section of the city which he represents its share of improvements. He forced the body to ask for bids on the work, stating that he would stop it with an injunction unless it was regularly let by contract.

After the bids had been opened yesterday he submitted figures which he stated would show that the cost of the asphalt blocks intended for Front street, north of Red Cross, would be about $925. He also declared that to lay the blocks on Chestnut, between Front and Second, on a sand foundation would cost about $2,800 exclusive of the cost of the blocks, and that to lay the blocks on a concrete foundation would bring the cost of the work up to $3,500.

He said that while the detailed report of the exact amount of street improvement money, which he and others had requested, had not yet received by Council, he understood that not more than $3,000 remained, and that he would vigorously object to expending practically all of this, or possibly more, for the improvement of the block on Chestnut.

Councilman P. Q. Moore, in charge of the Department of Streets and Wharves, here stated that the report of the expenditures of the street bond money would be forthcoming at the regular meeting of Council this morning, and that there was more than $2,000.

Councilman Tiencken declared that if there was any disposition on the part of Council to consider putting the asphalt blocks on Chestnut street on a concrete foundation, he would fight the proposition. He declared that the Council had thrown away at least $20,000 of the street improvement money by laying the asphalt blocks on Front street on a concrete foundation. He stated that he had fought this at the time and that there had been no need of a concrete foundation. He pointed to the fact that the brick paving on Castle street is laid on a sand foundation, and that it is as good as any street in the city. Councilman Perdew and Mayor Smith both assured Mr. Tiencken that the blocks on Chestnut street would not be laid on a concrete foundation.

Councilman B. C. Moore then stated that he had further figures which he would like to submit in opposition to the proposed paving of the block on Chestnut if the contract was to be awarded at that meeting. Mayor Smih stated that the meeting had been called merely to open the bids and that no action on the contract would be taken.

The bid of the Wilmington Iron Works for repairing the bridge on Fifth street, over the railroad tracks, which was closed by order of Council last week, was $972 and that of the Cape Fear Machine Works was $800. Both bids were on the basis that the contractor furnish all material.

All three bids were then referred to Councilman P. Q. Moore, and he stated that he would make his recommendations at this morning's meeting.

As the meeting was breaking up Councilman B. C. Moore asked as to when a joint meeting of the committees from Council and the Board of County Commissioners was to be held for the purpose of awarding a contract for the installation of an incinerator for the disposal of the city's refuse and carrion and the county's carrion, which is to be paid for jointly by the city and the county. He called attention to the fact that the law passed by he County Board of Health gave the city until October 1st to start work on the plant, and that if was to be completed with it was time the contract was being let. Mayor Smith stated that the City Attorney had informed him that the county attorney had never yet been instructed by the board to draw up a resolution authorizing the payment of part of the cost of an incinerator. The meeting then broke up.

DEATH OF LITTLE CHILD

Baby Found In Basket on Front Porch Passes Away at Hamstead

A four-months-old boy was found on the front porch of Mr. and Mrs. J. O. Howard, at Hamstead, late in the Spring, and who was given the name of Moses Howard, died at 11:40 o'clock Monday night at the home of his foster parents. The funeral was held at 5 o'clock yesterday afternoon and the interment was in Howard's Chapel graveyard, near Hamstead. The baby was left on the porch of Mr. and Mrs. Howard when but a few days old. He was securely wrapped in a basket. No trace could be found of the parents and Mr. and Mrs. Howard undertook to raise the child and lavished their care upon it. They are deeply grieved over the passing of the little one.

THREAT TO SUE CITY

Men Detained Here as Witnesses Want To Be Compensated

Through a letter from the law firm of Moore & Dunn, of Newbern, Mayor Joseph D. Smith yesterday received notice that L. H. Dixon and Daniel Harper, two young men of that city, who were detained here several days as witnesses in a "blind tiger" case against Geo. Cavenaugh about four or five weeks ago, will bring suit against the city unless some compensation is made them for alleged loss to their property and the loss of their positions. The mayor and other city authorities are inclined to laugh at the threat contained in the letter. They say that the men were given opportunity to give bond, and were only held in jail after they could not raise the money, and that it was the county which was responsible for them going to jail, for they were not locked up at the City Hall, but merely detained there.

The letter received by Mayor Smith is as follows:

"August 19th, 1912.

"To the Mayor and Board of Aldermen of the City of Wilmington, Wilmington, N. C.

"Gentlemen:—On Sunday, July 14, 1912, two young men of this county, by the names of L. H. Dixon and Daniel Harper, were in Wilmington, and while in Wilmington were arrested by two officers by the names of Lynn Bryany and W. H. Coleman, to be held as witnesses in a liquor case against a white man by the name of George Carver. These young men were placed in jail, were not allowed to give bail for their appearance nor to communicate with their relatives or employers. They were kept in jail or in the city lock-up Sunday, Monday and Tuesday.

"They informed us that the jail, or lock-up, was in such condition that they were compelled upon being released to throw away their clothes which they had at the time, and when they returned to their work both had lost their employment, due to the fact that their employer had not been advised as to their whereabouts.

"This seems to us to be most unusual treatment to be received by two men to be held as witnesses, and that these young men are entitled to some compensation for the loss of time, damage to their property and for the loss of their positions. They have authorized us to bring suit against the City of Wilmington unless some reasonable compensation is given them in this matter. Upon being released they were not granted any sum whatever, even as witness money.

"Before instituting any suit we will await an answer from you.

"Yours very truly,
"MOORE & DUNN."

Death of Little Son.

Mr. J. W. Cavanaugh who lives on the Carolina Beach road about four miles from the city, will have the sympathy of many friends in the loss of his little son, Leo Cavenaugh, aged about four years, whose death occurred yesterday morning at 2:30 o'clock. The death of the little one is a particularly sad blow to Mr. Cavenaugh because it closely follows the death of another child in May and the death of his wife in June. The funeral will be held this afternoon at 3 o'clock from the residence. Interment will be made in Bryant's burying ground.

Failure to Pay Board Bill.

Charged with failure to pay E. L. Herring, of Faison, a board bill of $15, C. A. Smith, a young telegraph operator, who has had charge of the office at Lumina, was arrested yesterday morning by Deputy Sheriff A. L. Kelly. It is alleged that Smith gave the prosecutor an order on the Atlantic Coast Line railroad for the money, and that the order was not honored. In default of bond the young man was placed in jail to await the arrival of an officer from Faison.

Specifications Received

Plans and specifications for the handsome new Y. M. C. A. building to be erected on Market street, near Third, on what is known as the Chadbourn property, were received yesterday by the association and contractors may secure them by calling upon Mr. J. B. Huntington, the secretary. Bids for the building are to be opened on September 17th and it is expected that work on the structure will be begun a short time later.

WHITE SLAVE CASES.

Two Young Men are Held For Grand Jury at Mobile.

Mobile, Ala., Aug. 20.—To await the action of the federal grand jury for the middle district of Alabama, at Montgomery, Lamar Keller, son of a well-to-do farmer residing near Savannah, Ga., and E. R. Zipperer, a machinist from the same city, both well dressed young men were each held in $500 bonds, by United States Commissioner Richard Jones, Jr., here late yesterday afternoon, on alleged charges of violating the federal white slave traffic. Their alleged victims are Annie May Lee and Frankie Cowart, aged 15 and 17 years of age, respectively. The girls were held in $250 bonds, each as federal witnesses and surrendered into the customs of the United States marshal until their parents give bond.

Keller and Zipperer, and the girls were arrested here last Tuesday morning while traveling as men and wives. The men admitted bringing the girls from Savannah to Montgomery for a "lark." From Montgomery they came to Mobile. The Cowart girl is said to be the daughter of a well-known dentist of Savannah. The Lee girl is the daughter of a machinist. The parents of both girls are said to be estranged.

Topeka, Kas., Aug. 20.—A temporary order restraining the State canvassing board from certifying to the Secretary of State the names of eight Roosevelt electors nominated at the recent Kansas Republican primary was filed late tonight with the clerk of the Federal district court here. The order was granted by Judge Smith McPherson, at Red Oak, Iowa.

Washington, Aug. 20.—George R. Sheldon, treasurer of the Republican national committee in 1908, has been selected as treasurer of the committee for the present campaign, Chairman Hilles today made the announcemtnt.

Whatever happens at all, happens as it should; even wrong actions often lead to great opportunities.

..Theatrical..

Mid-Summer at the Grand Theatre is as cool and refreshing as early Autumn and the first approach of sable Winter. Then, too, at the very small admission of only five cents, it is really cheaper to breathe the cooling atmosphere of the place than it is to wilt collars and crowd the fountains on the outside.

For today in the moving picture line there is something decidedly thrilling and sensational. It is a Lubin film of "The Missing Finger." A clever detective story there is in this picture. A jeweler's safe has been blown open and robbed, but as the explosion went off the burglar lost a finger. Detectives follow the clue and chase the burglar to the depot where he just has time to swing on to the rear platform of a train and disappear. The detectives charter an engine and give pursuit, but the burglar jumps from the train and escapes. Later he goes West and falls in love with a girl. A chance photograph taken and sent to a brother leads to the discovery of the burglar and he is captured after being shot.

"A Convicts Gratitude" is a Kleine, so deeply interesting and intensely human that its theme will appeal to everyone. The story points to a strong moral and will be followed with breathless interest from beginning to end. Then there is still a third picture and all told, today should be one of the best of the week at the Grand.

At The Bijou.

Yesterday will go down in atmospheric history as a scorcher, but those who had the pleasure of going to the Bijou will know that not. This joy spot of Wilmington, with its many constantly whirling electric fans and its perfect, healthful system of ventilation, which changes the entire air in the theatre every few minutes, certainly offered a cool and otherwise fine retreat from the heat. That it was taken advantage of was shown in the crowded theatre, afternoon and night, and besides getting a cooling off those present witnessed one of the best and biggest shows of the season.

The same swell condition, assuring solid comfort for all, and another giant bill will be afforded today, and all for the tiny price of 5 cents admission, afternoon and night. The bill for today is going to be especially merry, which will add to the brightness and refresh one no matter how hot the day. "One Round O'Brien" is a corker for laughs; the most novel fun film ever seen in Wilmington.

Going shy on "eats" two fellows devise a unique way of feeding and the way they go about it is a scream.

"Trying to Fool Uncle" is another comedy, and of high clas nature. Dick's uncle tires of seeing him leading a useless life and gives him a roll to go forth and make his mark. Dick weds a poor girl and then puts up a big bluff on uncle. How it succeeded is rich for smiles.

There is also a powerful dramatic film on today in "The Mine Swindler" It tells how a mine faker unloads a worthless claim on a young fellow, and the startling climax of the scheme.

ROOSEVELT MAY COME.

Likely That Colonel Will Include North Carolina in Itinerary.

Iredell Meares, Esq., who attended the meeting of the State Committee of the Progressive Party, at Greensboro, during the past week, stated last night that it is more than likely that Col. Roosevelt will include Wilmington in his itinerary of North Carolina cities to be visited. Mr. Meares stated that the visit would be about the middle of September or October, dependent upon whether the trip South is made before the run out West by the Progressive candidate As yet, nothing definite is known, but Mr. Meares says that he has every assurance that Wilmington will be visited by Mr. Roosevelt.

RETURNS TO SEA GIRT.

Gov. Wilson Completes Two Hard Days of Campaigning

Sea Girt, N. J., August 20.—After two days of hard campaigning, Governor Woodrow Wilson returned to Sea Girt tonight, pleased with the receptions given him wherever he spoke.

The Governor motored to Sea Girt with Frank S. Katzenbach, who ran on the Democratic ticket against Governor Fort in 1907 and 1910, was Governor Wilson's chief opponent for the Democratic nomination. Mr. Katzenbach spoke at the Democratic rally at Trenton today with Governor Wilson. The Governor delivered his speech at Trenton in a grove of trees in the fair grounds and was frequently interrupted by outbursts of enthusiasm. He deprecated the existence of special privilege in the country and predicted Democratic success in November.

After the speech at the fair grounds, the Governor returned to the State House, where Representative Burleson, of Texas, talked with him for an hour. Mr. Burleson said after the conference that he had discussed the details with the speaker's bureau, of which he is in charge. Asked as to the itinerary of the more prominent speakers, Mr. Burleson said:

"Mr. Bryan, of course, will make up his own itinerary and formulate his own plans for the campaign. The committee will conform with anything he desires. He knows best where he wishes to speak and just what time.

Governor Wilson announced tonight that he had decided not to go campaigning in Maine until after the gubernatorial election on September 20th.

Tomorrow he wil go to Asbury Park seven miles away, to see the annual baby parade.

Newark, N. J., August 20...Joe Jeanette, who is matched to meet Jack Johnson, made an appearance in the ring in the second consecutive fight tonight in Morris Park and defeated two colored opponents, Bill Tate, of Tennessee, and Battling Brooks, of Michigan, knocking each out in the second round.

What matter if life does seem uneventful; it is better to do small things well than great things badly.

According as a man is so must you humor him—when it comes time for an Easter hat.

WRIGHTSVILLE BEACH

Mrs. William Croswell, of Atlanta, is spending a few days at the Parsley cottage. She has a number of friends in Wilmington and at the resort.

Miss Kate Northrop, the attractive young daughter of Mrs. Annie J. Northrop, has returned to the resort after a visit to the western part of the State.

Mr. and Mrs. C. B. Wray and daughter, Miss Sarah Wray, returned yesterday to their home at Ridgeway, S. C., after a stay of several weeks at the Seashore Hotel.

Between 250 and 300 of the future beaux and belles of Wilmington gathered at Lumina last night to participate in the souvenir dance for children Attractive souvenirs were given, among them being a noise-producing affair, and Lumina, gay at all times, took on an old time carnival air, and was thoroughly alive with tiny youngsters and peculiar noises. The affair was greatly enjoyed by both young and old, and was a success in every way.

A party of young ladies from the Piedmont section of the State, prize winners in a newspaper contest conducted by the Danbury Reporter, of Danbury, Stokes county, are spending 10 days at the Oceanic Hotel. The young ladies come as guests of the newspaper. They are having a fine time at the resort. Mrs. J. W. Neal, of Walnut Cove, is chaperone, and the other members of the party are: Miss Annie Blair, Danbury; Miss Annie McCaulley, Saxon; Miss Jettie Morefield, Sandy Ridge; Miss Amerika King, Pilot Mountain; Mrs. Daisy Smith, Westfield; Miss Effie Gentry, King's Mountain.

Mr. T. Brown and son, Master Clifford T. Brown, of Charlotte, who have been spending a few days at the beach, will leave this morning for Murphy, in the western part of the State, where they will spend a week. Mr. Brown is chief proofreader on the Charlotte Observer which position he has held for the past four or five years, and is a good all round newspaper man. Prior to his connection with the Observer he was on the Savannah Morning News for a number of years and has been connected with various other leading papers. He has a number of friends among the craft in Wilmington, by whom he was most cordially greeted.

Among the arrivals yesterday at the Seashore Hotel were: W. H. Newell, Rocky Mount; Capt. Z. F. Packer, of the Clyde Line steamer Navahoe; W. C. Underhill, Raleigh; Mr. and Mrs. C. W. Metcalf, Miss Julien Metcalf, C. W. Metcalf, 3rd, Memphis, Tenn.; Mrs. Claudie H. Woods, Selma, Ala.; W. A. Allen, Waynesville; R. H. Ramsey and family, Miss Annie Edwin, Charlotte; A. M. Silence is golden when purchased with hush money.

A man who is sure he can't never will.

LOCAL DOTS.

—Friends of Mr. Ed. Glavin, who has been sick for the past week, will regret to learn that he is critically ill at the James Walker Memorial Hospital and that his recovery is not expected.

—Deeds were filed for record yesterday as follows: Southern Realty & Development Company to R. H. Davis, for $150, lots 495 and 496 in Lake Side Park; Jno. M. Montgomery and wife to Betsy Brown, for $1 and other considerations, tract in Cape Fear township.

—The schooner Benamin E. Poole, Capt. Williams, cleared late Monday afternoon and sailed yesterday morning for New York with cargo of 23,457 pine and oak cross-ties, shipped by the Southern National Bank. Messrs. Maffitt & Wood were agents for the vessel.

—Mr. Henry P. Langston, of the Queen City Cycle Company, returned Sunday from a two week's trip to Kinston. He made the trip on his motorcycle, covering a distance of 118 miles, 55 miles being on the railroad embankment and the remainder on the average country road.

—Tom Walker and Jane Walker, colored, of Castle Haynes, were tried before Justice Harriss yesterday afternoon on charges of forcible trespass. They were found guilty of simple trespass and judgment was suspended on payment of the costs. A case charging Tom Walker with an assault with a deadly weapon was dismissed.

The man who has seen better days sometimes makes us awful tired talking about them.

Baby's Voice

Every woman's heart responds to the charm and sweetness of a baby's voice, because nature intended her for motherhood. But even the loving nature of a mother shrinks from the ordeal because such a time is usually a period of suffering and danger. Women who use Mother's Friend are saved much discomfort and suffering, and their systems, being thoroughly prepared by this great remedy, are in a healthy condition to meet the time with the least possible suffering and danger. Mother's Friend is recommended only for the relief and comfort of expectant mothers; it is in no sense a remedy for various ills, but its many years of success, and the thousands of endorsements received from women who have used it are a guarantee of the benefit to be derived from its use. This remedy does not accomplish wonders but simply assists nature to perfect its work. Mother's Friend allays nausea, prevents caking of the breasts, and in every way contributes to strong, healthy motherhood. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

Profits Doubled With The Benthall Peanut Picker!

If you grow peanuts and do not use a Benthall Peanut Picker, you actually lose money by not owning one.

The Benthall makes peanut growing doubly profitable.

The wages you pay—the losses from delays in not getting your crop early to market—the losses from birds and stealing—cost you more than a machine.

If you own a Benthall, you and your boys can do the work of a hundred hands, and do it better. You send your crop to market early—secure highest prices. You stop the theft of your crop.

Growers now see that hand picking is far too costly.

The folly of attemping to "thresh" them has been plainly shown.

For machines that "thresh" them destroy profits.

They crack the nuts—and cracked nuts will not keep.

They grind the vines to smithereens—and these vines are the equal of alfalfa for feed—worth from $12 to $20 per ton.

Contrast such machines with the Benthall.

The vines are fed to the Benthall just as grain to the treshing machine.

The peanuts are pulled off the vine without injury to the shell. The machine picks as delicately as human fingers—hundreds of times more rapidly.

Many buyers give preference to Benthall picked nuts.

The vines are saved in perfect condition for hay.

The recleaning and bagging attachment makes it unnecessary to run the peanuts over for seed the second time.

This is the picker of proved worth—proved out in the peanut fields of Virginia.

Either Spanish or Virginia varieties are picked equally as well.

It is mounted—ready to hitch—as you would a farm wagon. You can easily move it from place to place.

There are models suited for horse or engine power—machines that are made interchangeable.

Every year sees more farmers using the Benthall. It has supplanted all other methods in many sections. And the demand this year promises to be greater than we can supply.

THE MACHINE THAT PAYS FOR ITSELF.

If you don't want to let profits slip thru your fingers—if you want to make money growing peanuts, write us for our folder "How the Benthall Pays For Itself." Sent Free upon request.

COTTON PRICES BREAK AGAIN

After a Nervous and Irregular, But Generally Higher Opening Market Broke Under a Renewal Of Selling

New York, Aug. 20.—After a somewhat nervous and irregular but generally higher morning, the cotton warket broke under a renewal of general selling, and closed easy at a net decline of from 9 to 12 points.

The market opened steady, at a decline of one point to an advance of two points, and during the first few minutes sold about 7 to 9 points net higher, on a renewal of yesterday's late buying movement, encouraged by steady late cables and reports of continued dry weather in South Texas.

Predictions for showers in the Southwest promoted selling on the advance, and the market during the middle of the morning reacted to a shade under the closing figures of yesterday. There did not seem to be much Southern selling on this decline, however, and prices turned firmer toward midday on renewed covering or buying by reactionists who considered that the short interest had been over-extended and that the technical position of the market justified a more substantial recovery. Active months sold up to a net advance of about 12 points on this demand, but after the publication of the weekly weather report, turned easier again with the market weak and unsettled in the late trading, under heavy selling by some of the leading trade interests, part of which was attributed to Southern hedging. The close was at practically the lowest point of the day. There were rumors during the morning that Texas was offering cotton a little less freely at a lower basis but Liverpool attributed the failure of the market there to fully respond to yesterday's local advance to hedge selling, and reports were received here late in the day that some Texas shippers were asking for bids. There was again considerable talk of mill buying on declines, but ring gossip quite generally attributed most of today's early demand to shorts or reactionists and predictions continued to circulate of a favorable September condition report from the Department of Agriculture.

Receipts, 24,530 bales, against 5,500 last week, and 17,127 last year. Today's receipts at New Orleans were six bales, against 1,153 last year. At Houston, 12,515 bales, against 8,188 last year.

Spot, quiet. Middling uplands, 11.80; do. gulf, 12.05. Sales, 30 bales.

DRY GOODS MARKET.

New York, August 20.—There was more business done in cotton goods on the primary market. Finished goods held steady, but there were some sales of Southern print cloths made at prices that showed a decline of ¼c. a yard. The demand for men's wear and dress goods kept up well, but the call for the former for Spring, 1913, delivery was not as brisk as it has been recently. Cotton yarns held steady. Dress silks were not in active request, generally. The best selling satin for goods, however, moved in free stocks.

HEAVY DEALINGS IN COPPERS

Those Issues Constituted Bulk of Business in Yesterday's Market—Rail way List Was Not Very Prominent.

New York, Aug. 20.—Coppers constituted the bulk of today's dealings in the stock market, with a sprinkling of kindred issues and equipment shares. Speculative favorites and the more standard securities were relatively quiet and narrow of movement. Inquiry for Coppers was traceable in part to trade advices which point to a renewal of last Spring's good demand, together with rumors of probable increase in certain copper dividends and prospects of higher prices for the metal itself. The railway list as a whole did not figure prominently in the day's business. Reading and Lehigh Valley were under less restraint than earlier in the week, but Union Pacific and Canadian Pacific were again inclined to react moderately.

In a comparative sense United States Steel was the heaviest of the better known industrials, this being the more prominent by reason of the better tone displayed by the shares of its independent competitors, notably Bethlehem Steel. Regarding the latter rumors of an early resumption of dividends on the preferred were revived. Highest quotations were registered before the close with heavy absorption of Amalgamated the feature. Money was in better demand here, with many call loans at 3 per cent., a condition not unrelated to the large drain of cash sustained by local banks. Time rates were unchanged. The bond market was featureless, with an occasional irregular trend. Total sales, par value, were $1,275,000. United States government bonds were unchanged on call. Total sales, 355,400 shares.

STAND COLLAPSES AT NOTIFICATION

(Continued from Page One).

that if it redounds to the interests of the people of this country that a hundred men shall control its business to the good of everyone, that there is anything fallacious in the theory that government, instead of transferring business to a favored few for the benefit of all, should itself discharge that business for the benefit of all.

"I do not hesitate to say that if it be impossible to restore this Republic to its ancient ideals, which I do not believe, and I must make the ultimate choice between the paternalism of the few and the socialism of the many, count me and my home with the throbbing heart of humanity.

"The discontent in Republican ranks is Democratic discontent. How much of it has reached the point where wearied with the bad workings of a good system, it is willing to topple that system over and try something new, I cannot prophesy.

"But I am quite sure that whatever badges men may wear in America this year, whatever ballots they may vote and whatever battle cries they may utter, there are but three grades of citizens.

"The first grade is made up of the favored few, their hangers-on and their beneficiaries, who think the eagle is upon the dollar, not as an emblem of liberty, but as an emblem of power and who look upon government as an annex to their business affairs; these are they who in the past years of Republican misrule have turned the temple of constitutional freedom into a money-changers' mart and have made of the co-ordinate branches of the government obeisant lackeys of the jingling guinea.

"The second grade consists of those whose outlook upon life has been enlarged by the civilization under which we live, who have been taught by the school and the college, by the press and the magazine, who appreciate the good things of life, whose horizon has been enlarged and whose capacity for joy and sorrow has been increased.

"Conditions have become unbearable to them. They have reached the point where, in the struggle for that which they believe to be right, they are willing to destroy the ideals of the Republic. How many of these there are, I do not know, but I do know that special privilege in the Republic is breeding them day by day like rabbits in a warren.

"The third grade of citizens it pleases me to call old fashioned constitutional Democrats. These are they who believe that the equality of mankind does not consist in an equality of brain and brawn but in an equality whereby every man, native and foreign born, has an inalienable right to exercise all of his ability in getting on in the world just so he realizes that in getting on he owes it to himself, to his family and to the Republic to see to it that he gets on honestly, and that he does not prevent any other man from obtaining the reward of his honesty and enterprise.

"These old-fashioned Democrats believe in making money, but they believe every dollar made should be so clean that an infant may cut its teeth upon it. And they hold that it is no part of government to boost one man and boot another."

BURNS' MAN TESTIFIES

Feature of Examination of Detroit Alderman

Detroit, Mich., August 20.—The testimony of W. J. Brennan, a Burns operative, was the feature of the police court examination today of "Honest Tom" Glinnan, the first of the 18 aldermen recently arrested on bribery charges, to be tried in court. It was Brennan's evidence that resulted in the arrest of the 18 aldermen and Common Council Clerk Edward Schreiter, the latter having since made a complete confession. Today Brennan went into all of the details of the trapping of the aldermen up to the time he alleges that he, representing himself to be an official of the Wabash Railroad, paid Glinnan $1,000 for his influence in granting the railroad's request for the use of a city street for building purposes.

The cases against Aldermen Watson, Ellis, Zoeller, Merritt, Hindle and Skrzycki were today postponed until August 30th. Alderman Theasen's cases against Aldermen Brozo, Rosenthal, Lynch, O'Brien and Koenig and the examinations of Aldermen Deimel, Mason, Ostrowski, Tossy and Walsh will follow that of Alderman Glinnan. Clerk Schrieter has also been remanded for a week.

STATE COUNCIL, JR. O. U. A. M.

Sessions Begin at Raleigh—Addresses of Welcome and Response

(Special Star Telegram.)

Raleigh, N. C., August 20.—In his address for the opening session of the 22nd annual State Council, Junior Order, United American Mechanics, tonight, Attorney General T. W. Bickett paid high tribute to the influence of the order in this State with its emblem of the arm and hammer and its trinity of causes in Bible, schools and flag. The influence of the order he said has made a shift from the overalls to the dress suit honorable with no questions asked or eyebrows arched.

Probably 500 Juniors are already here. The business sessions continue Wednesday and Thursday. Addresses of welcome tonight were delivered by Mayor James I. Johnson and Hon. B. R. Lacy, State treasurer, and the response was by Hon. L. T. Hartsall, of Concord, who paid tribute to Raleigh as the birthplace of the Junior Order in this State and as a splendid progressive city.

FROWNS ON DIVORCE.

Catholic Federation Opposes Divorce on Any Grounds Whatever.

Louisville, Ky., Aug. 20.—Limited divorce was frowned upon by the American Catholic societies, when late today the 11th annual convention, in sesion here, adopted a resolution setting forth that the delegates unflinchingly hold to the uncompromising attitude of the Catholic Church in opposition to divorce on whatever grounds.

The resolution was in response to a recommendation introduced earlier in the day by the laws committee in which it was proposed that the Federation favor a divorce from bed and board, remarriage of neither party to be permitted, though division of property to folow.

The anti-divorce declaration was presented by the resolutions committee, the report of which was adopted. Other resolutions pledge the Federation to work for amelioration of the conditions of work and living of the laboring man; to fight the white slave traffic, and insists that "all schools contributing to good citizenship are entitled to equal support from the State; they protest against the introduction of Bible reading into the public schools and note the work of the St. Luke's Guild, especially in New Orleans and Boston.

Formation in the course of the year of an additional federation of Catholic women was practically assured today. Though a committee appointed last year to look into the proposal reported that the sentiment of the woman's organizations opposed separation from the Federation, the committee expressed willingness to abide by the will of the Federation. Committees will be named tomorrow to get the movement into shape for probable organization when the Federation meets next Summer, probably at Milwaukee.

WICKERSHAM REPLIES

Attorney General Answers Teddy's Criticisms of Him

Washington, August 20.—Attorney General Wickersham, in an official statement tonight, took issue with Colonel Roosevelt's declaration last night on the manner in which Mr. Wickersham brought the Standard Oil Company and Tobacco cases to conclusions to inure to the benefit of the trusts. The Attorney General said:

"Mr. Roosevelt's statement that these decrees have been received with satisfaction by the trusts—either straight trusts or "crooked" trusts—is about as truthful as it would be to say that a man who was threatened with the loss of both his legs, received with satisfaction the information that only one was to come off.

"If the test of the Sherman law is to the market prices of the stocks of the distributed concerns after a decree of disintegration, what conclusion would be drawn from the facts in the Northern Securities, the sole and only complete accomplishment under the Sherman law during the Roosevelt administration? As a matter of fact the market prices of the stocks of both the Northern Pacific and the Great Northern Railroad companies increased greatly after the distribution which followed the decision of the Supreme Court in that case, and the Union Pacific interests after such dissolution sold the Northern Pacific shares which they received at a profit of about $63,000,000—according to the testimony in the government's suit against the Southern Pacific and Union Pacific companies."

BATTLE AT WU CHANG.

Civil War Again Imminent in Republic of China.

London, Aug. 21.—Heavy firing is reported to have been going on at Wu Chang, capital of the province of Hupeh, opposite Hankow, since daybreak Tuesday, according to the correspondent at Peking, of the Daily Telegraph, who adds that no details of the battle are available.

"President Yuan Shi Kai's written refusal," the despatch also says, "to permit the cabinet to attend the sitting of the National Assembly or to give details of General Chang Chen Wu's offenses, on the ground that it would endanger the safety of the army, created a great uproar in the chamber and it is now gravely feared that civil war is again imminent.

Many officers in the province of Hupeh have already resigned as a protest against the execution of Chang Chen Wu."

Young Men Who Dance to Pay Fiddler In Cleveland

Cleveland, Ohio, Aug. 20.—One hundred dollars a day gleaned from the pockets of young men who like to spin their girls over a waxed floor, in waltzes and two-steps, has shown the Cleveland city authorities how to increase municipal receipts, also the present dance hall conducted by the city is soon to be one among many. The dances cost 3 cents each and it is found that there is a daily net profit of $100. It is said the expense of the entire park system can be defrayed through municipal dance halls.

Mayor Baker exercises a close personal supervision over the conduct of the dance hall, which is in one of the parks. He has put a taboo on giddy dances and also ruled against ragtime. An eye, too, is kept upon the clientele with the purpose of keeping undesirables away.

ASHEVILLE HORSE SHOW

Miss ...ary Allgood Jones, of Atlanta, Won Prize

Asheville, N. C., August 20.—Riding superbly throughout the three days of the Asheville annual horse show, given by the Inter-State Horse Show Association, Miss Mary Allgood Jones, of Atlanta, scored the highest number of points in the ladies equestrienne class and by the decision of three judges was tonight awarded the championship prize, "Daisy Queen," a mare valued at $1,250. Miss Jones rode "Princess Patricia," a horse owned by George T. Little, of Camden, S. C.

Teddy is coming to this city next month. Plans will soon be under way for his a-moosement.

SALVATION ARMY'S GENERAL IS DEAD

(Continued from Page One.)

the lying in State for several days at Congress Hall, Clapton, followed by a big memorial service and a procession from London to Abney Park.

Starting his career alone as a soapbox preacher in the slums of Nottingham, England, at the age of 15 years, William Booth ended it at 84 as head of an army of millions of Salvationists scattered through 54 countries.

He fought many real battles in the slums of London and often was in peril of losing his ife for the cause, but with those who rallied to his support he formed the nucleus of his great movement, which was first given the name of the "Christian Mission."

The present Salvation Army was never foreseen, nor was the name ever deliberately chosen by any one. Mr. Booth was dictating to a stenographer when he used the words: "The Christian Mission is a volunteer army," and when he looked over the paper later he substituted "Salvation" for "Volunteer," as the stronger word, and the phrase struck fire among his mission workers, who seized the militant spirit from it.

So great was General Booth's faculty of handling and inspiring men that Marshal Wolseley once declared that the British army had taken lessons in methods of organization, distribution and control from the Salvationists.

General Booth's last message to his followers in America (were written last June, while blindness was overtaking him.

"With all my losses," he then wrote. "They are many and serious, I admit, but look at the mercies still left me. First, there is my confidence in God. I am not going to allow the existence of a few things which are in conflict with my judgment to interfere with my confidence in His wisdom—confidence that is inspired by life-long knowledge of His loving care. Then I have not lost the assurance of my own heart relations with my Heavenly Father; I have not lost the inestimable blessing of life.

"I want the continued loyalty of my own people and the heartier cooperation of all men and women whose hearts are fired with the same purpose as mine. In a few weeks' time I hope to be found once more on the battlefield. Anyway, my dear comrades, in the light or in the dark, you may count upon your general to trust in God and go forward."

Surviving General Booth are several children, carrying on the work he started, most prominent being Bramwell Booth, the eldest son, who is acting as chief of staff in London, and who is expected to succeed his father as general of the army.

Two other sons, Herbert and Ballington Booth, are widely known in evangelical work, the latter having been particularly in the public eye because of a break with his father 16 years ago, since when he has led an independent organization known as the "Volunteers of America."

Of the daughters, in addition to Miss Evangeline, who is commander in America, there is Miss Lucy, commander of the army in Denmark, and Miss Mary, who worked with her father in London.

SOME SHOOTING, THIS.

Connecticut Guard Makes 23 Consecutive Bulls Eyes at Long Range.

Wakefield, Mass., Aug. 20.—George W. Chesley, of New Haven, Conn., a member of the second company, Governor's foot guard, of Connecticut, established a new world's record today when he made 23 consecutive bulls eyes at the 1,000 yard range while competing in the annual show of the New England Military Rifle Association. Chesley was entered in the Winchested individual match which was open to all comers. The match called for 15 shots with the 1,000 yards range, slow fire. Chesley made a bull's eye each time, winning the match and was then allowed to continue for a record. On his 24th shot he fell off to a four. The men in this match were permitted to use telescope sights. Marksmen who witnessed the performance declared that the record was never equalled in squaded competition at home or abroad.

IN PRINTER'S LEAGUE.

Washington and St. Louis Winners in Yesterday's Games.

Boston, Mass., Aug. 20.—Washington and St. Louis teams were the winners in two games played today in the annual tournament of the National Printers Baseball Association for the championshipe cup. Washington won from Cincinnati 5 to 2, a ninth inning rally which netted four runs, deciding the contest. Weaver, the Washington pitcher, allowed his opponents but two hits.

St. Louis defeated New York in the second game 5 to 2. The Missourians choked off a ninth inning rally, which at least would have tied the score, by brilliant fielding. No games will be played tomorrow and the day will be given over to sight seeing.

Some preachers feel flattered when people go to sleep in church. It shows such perfect confidence.

UNWORTHY MILITIAMEN

Ugly Conduct Met With Prompt Action at Statesville

Statesville, N. C., Aug. 20.—Though the officers have been making diligent efforts to do so it seems that the North Carolina National Guard is not yet rid of all the "looters" and "shoplifters" which bring the guard into disrepute on all occasions when any great number of the soldiers are brought together. It is understood that at least three of the soldiers here for Adjutant General Leinster's funeral practiced their game in a number of Statesville stores, were caught "red-handed" and when their identity was disclosed to their officers they were forced to give up the goods they had taken and at the same time received notice of dishonorable discharge from the service. It is a pity that all these men who disgrace the uniform they wear and bring the whole guard into disrepute could not be corralled and discharged in a body.

FEDERALS OCCUPY JUAREZ.

Large Force Arrives at Town Evacuated by Rebels.

Juarez, Mex., Aug. 20.—Mexican Federals, numbering 2,300, under command of General Jaquin Tellez, arrived here tonight and occupied this city, which was recently evacuated by the rebels. The townspeople assembled in a drizzling rain crying "Viva Madero" and "Death to Orozco." The Federal troops arrived on three trains, bearing cavalry, infantry and artillery. The forces under General Rabago did not arrive, having pursued an overland course from Casas Grandes. Small bands of rebels hovering around Juarez offered no resistance.
